STATE AND MUNICIPAL BONDS

In State and municipal bonds the custom has always been to quote them, "and interest." That is the accrued interest must in all cases be added on. There are a very few instances which form exceptions to the rule—that is, where the prices given are flat prices, the accrued interest having been taken into account in making them. These are indicated by a special mark, thus (*f*).

The figures in the column "*to net*" indicate the basis on which the securities sell or the interest rate which the securities if held to maturity will net to the purchaser at the present market price.

b Basis. *f* Flat price. *n* Nominal.

BANKS AND TRUST COMPANIES.

Quotations in this department are given per share, not per cent, except for stocks of New York City, Brooklyn and Canadian institutions, and are as near as possible for the *closing day of the month preceding the date of issue*, though often are nominal. An asterisk (*) denotes sales. The letter (*h*) prefixed to a price indicates that the figures show the book value.

Figures of deposits, capital and profits for the national banks are from the Comptroller's last call; for all other institutions they are the latest obtainable, direct returns being procured by us where no periodic statements are required. For the Clearing-House banks of New York, Philadelphia and Boston, deposits are taken from the latest weekly statement.

Where Names are Printed in Italics Fuller Returns may be Found in the Advertising Columns

REVIEW OF NOVEMBER.

Indications were many during November going to show that a position of acute tension was developing in several different directions as a result of the extraordinary series of events growing out of the conflict in Europe. The Presidential election was an important event in domestic affairs, and for several days following its occurrence excited unusual interest, owing to the closeness of the vote in the Electoral College as between the Democratic candidate and present incumbent, Woodrow Wilson, and the Republican candidate, Charles E. Hughes, and also by reason of the narrow margin in the popular vote by which the successful candidate of one or the other party in several of the States obtained the electoral votes of such States. The excitement in that regard passed away, however, as soon as it became reasonably certain that President Wilson had gained another four-year term, though on a very close vote in the Electoral College. The rest of the month the circumstances and happenings connected with the war exercised overshadowing influence, and, as already pointed out, there was much evidence betokening the development of acute tension in the situation.

In Europe new steps of a drastic nature were taken to control food supplies in all the leading countries of Europe, while in this country many incidents and episodes of a very unusual character bore testimony to the growth of an apprehensive state of the public mind and a general unsettlement of affairs. Prices here of grain and of many other things attained still dizzier heights, making the food problem in this country hardly less serious than in Europe, and there was much talk of placing an export embargo on wheat and other foodstuffs, the effect of which was seen towards the close of the month, when a tremendous collapse in the price of wheat occurred.

In the case of cotton, the disparity between supplies and demand advanced the staple by rapid strides and was attended by such wild and erratic fluctuations abroad that some extraordinary incidents occurred. Thus Egyptian cotton in Liverpool fluctuated so wildly that on Monday, Nov. 20, the Manchester Exchange suspended business temporarily following a rise in Egyptian cotton at Liverpool of 3½d. Later in the same week Egyptian cotton fell 250 points. On Thursday, Nov. 23, Liverpool was in the throes of an enormous liquidation. So was New York, where futures fell 50 to 54 points, making a decline from the high point of that week of 104 to 122 points, much of the selling being on stop-loss orders. There were reports and rumors that, because

of the renewed activity of German submarines, serious complications between the United States and Germany might arise, for which rumors, however, there appeared to be no substantial basis. On Nov. 28 much interest was excited by cable news from Liverpool that reports regarding the importation of cotton into Great Britain had been discontinued. In this market middling upland spot cotton, after selling on Oct. 31 at 19.15 cents, declined to 18.75c. Nov. 1, but Nov. 20 saw the price up to 20.90 cents; by Nov. 23 the price was off again to 20.10 cents, but on Nov. 25 it touched 20.95 cents, from which there was a decline to 20.35 cents Nov. 28, with the close Nov. 29 (Thursday, Nov. 30, being Thanksgiving Holiday) 20.45 cents. Print cloths at Fall River on Nov. 3 were marked up from 5¾c. to 6c., against 3⅝c. at the beginning of the year.

It will be observed that the price of a bale of cotton (of 500 lbs.) got well above $100. Leather made further sharp advances, and the price of shoes rose to undreamed-of figures, with fabulous prices predicted for the immediate future.

The advance in the cost of living certainly took on a very serious aspect and in New York both the city and the State authorities initiated investigations and discussed measures of relief. Potatoes sold at retail at $2 a bushel and in some localities it was reported that poor people were obliged to buy potatoes like apples and pay 2c. or 3c. apiece for them. With reference to the price of coal, Mayor Mitchel of this city on Nov. 23 issued a statement saying that through several of the departmental commissioners he had been making an investigation into the exorbitant price of coal to the small consumer and had reached the conclusion that some dealers in the city had taken advantage of an apparent shortage in the supply of coal to boost the price, especially to the people obliged to buy it by the bucketful. He had been, he stated, in personal conference with a number of the producers of coal and with some of the larger dealers in the city, and had said to them that with the increasing cost of foodstuffs the increase in cost of coal would be an added burden that would be intolerable, and he proposed to do everything in his power to prevent it. Should producers and dealers fail to heed his injunction, he proposed to avail of an offer that had been made to him of whatever financial aid was necessary to buy through a committee of citizens a large supply of coal, the producers of coal having agreed with him to furnish such a supply. This coal was to be distributed among different points in the city and from there delivered by the wagons of the Street Cleaning Department to those who use it in small quantities and be sold to them at normal prices.

Certain grades of wheat in New York sold well above $2 a bushel, No. 1 spring wheat, indeed, being quoted at one time (Nov. 10) at $2 14¾ (against $1 19 the previous June), while flour of the best brands commanded as much as $10 a barrel, against $5 50 in June. Even corn—No. 2 yellow—was quoted Nov. 13 at $1 19 per bushel. Bread was advanced one cent a loaf. Prices of canned goods jumped upward along with everything else, and investigations by various Government officials were made to determine the reason for the advance and also with a view to getting supplies (which, it was alleged, were being unjustly withheld from market) released. The State Department of Health and the Attorney-General were petitioned by the Commissioner of Weights and Measures to investigate the cold storage warehouses, while an egg boycott was declared by housewives in an effort to crush alleged egg speculators. The International Institute of Agriculture at Rome urged rigid economy in the use of food crops, owing to a world-wide deficiency. It estimated that on July 1 1917 the wheat surplus of the world would be reduced to 46,000,000 bushels. It said that only because of the abundant harvest last season, giving a balance of 350,000,000 bushels, would it be possible to have even this surplus of 46,000,000 bushels of wheat left the current season. The present year's crops of fourteen of the world's grain-growing countries was put at 2,222,914,000 bushels, or 72.4% of the extraordinary yield of 1915, but 92.6% of a five-year average. In this country, however, notwithstanding this season's diminished yield, the trouble seems to be entirely on account of the foreign demand. According to the estimates of the New York Produce Exchange, taking the old stock of wheat on hand July 1 at 163,000,000 bushels and adding the Government estimate of the wheat crop for 1916 at 608,000,000 bushels, makes the available supply 771,000,000 bushels. The domestic food requirements are put at 540,600,000 bushels and the domestic seed requirements at 80,000,000 bushels, making the total needed at home 620,600,000 bushels and leaving a balance of 150,400,000 bushels. Out of this there will have been, it is estimated, exported as of date Dec. 1, 75,000,000 bushels, while 25,000,000 bushels more have been sold, but not exported, leaving an undistributed balance for export in subsequent months of 50,400,000 bushels.

President Wilson in a speech delivered at Washington on Nov. 14, in welcoming the convention of the National Grange of the Patrons of Husbandry, laid the responsibility for the high cost of foodstuffs to the middlemen, saying: "We ought to raise such big crops that circumstances like the present can never recur, when men can make it appear as if the supply was so short that the middleman could charge for it what he pleased. It will not do to be niggardly with the rest of the world in respect to its food supply."

The National Council of Farmers' Co-operative Associations, representing 300,000 organized grain farmers in nine leading grain States, allowed it to be known that their organization did not look with favor on any embargo on grain exports. They contended that the law of supply and demand should be allowed to work unhampered and that an embargo on one set of products would be class legislation. On the other hand, a resolution addressed to President Wilson asking for a Federal investigation of the high food prices and suggesting an embargo to prevent shipments of foodstuffs to foreign countries was adopted unanimously by delegates to a special convention of the Illinois division of the United Mine Workers of America held at Peoria, Illinois, on Nov. 18, and claiming to represent 82,000 miners.

The attitude of the Administration with reference to the suggested embargo was not clearly defined, except that it was stated that foreign governments, especially the belligerents, would have no ground upon which to complain if the United States prohibited the export of food supplies. It was also stated that the State Department did not regard the embargo question as touching the foreign affairs of the country and Secretary of State Lansing was quoted on Nov. 23 as saying: "The Department of State has no views on the subject, as it is purely a domestic question." Reports, however, of the possibility of an embargo with the reassembling of Congress in December persisted and on Nov. 28 the grain markets, both here and Chicago, became completely demoralized as a result of tremendous liquidation. Declines in prices on leading options amounted to 14@18c. This was after no inconsiderable decline on preceding days. The drop from the high points of the month was 23@32 cents, the latter being in the case of the December option, where the price (at Chicago) after touching $1 92¼ Nov. 13, fell on Nov. 28 to $1 60; from this there was some recovery the next day, the close Nov. 29 being $1 68¼. The May option for wheat at Chicago, after reaching $1 95¾ Nov. 13, got down to $1 70¾ Nov. 28, with the close Nov. 29 $1 77½. There were also wide fluctuations in other grains. May corn at Chicago, after having declined from

89c. Oct. 31 to 86⅜c. Nov. 2, mounted to 99¾c. Nov. 13 and closed at 92⅛c. Nov. 29. May oats at Chicago, after having risen from 57c. Nov. 1 to 63c. Nov. 14, declined to 55¾c. Nov. 29, the close for the day, however, being at 57½c.

The metal markets were also excited and recorded further advances in prices—in some cases to unprecedented figures. Copper rose to above 34c. a pound with the demand exceedingly active and urgent. An advance of $5 a ton in the price for steel rails was announced by the United States Steel Corporation on Nov. 15, applying to all deliveries, and making the quotation for Bessemer rails $38 a ton and for open hearth rails $40. The independent steel producers, of course, followed suit. Last May a previous advance, the first in years, was made, also of $5 a ton, then bringing the price of Bessemer rails up to $33 and for open-hearth rails, $35, this after large orders for 1917 delivery had been placed at $28 and $30 respectively. The price of Lake Superior iron ore for shipment in 1917 was fixed at an advance of $1 50 a ton over the present year's prices, putting old range Bessemer ores at $5 95 at lower Lake ports and Mesaba Bessemer at $5 70; with new non-Bessemer ore at $5 20 for old range and $5 05 for Mesaba. Iron advanced by leaps and bounds. The "Iron Age" stated at the close of the month that Bessemer iron had sold at Pittsburgh at $33 and $33 50 and that $35 was now being asked. In finished products of iron and steel there were equally noteworthy advances, and wire nails sold up to $3 and plain wire to $2 95.

One effect of the general advance in prices and the rise in the cost of living was to bring about many advances in wages. The United States Steel Corporation decided on Nov. 21 to raise the wages of its many employees, at steel works and blast furnaces, 10% and to make a proportionate advance in the case of workers employed in the mines and by its transportation companies. The increases are to be effective as of Dec. 15. This is the third advance made the present year, and represents altogether a total increase of 33% over the wages in force on Jan. 1. The independent steel concerns followed in the footsteps of the Steel Corporation and likewise advanced wages 10%. The American Woolen Co. on Nov. 21 also announced an increase of 10% in the wages of its employees. The textile mills throughout New England did the same, the advances in many cases being the third of the year, the same as in the case of the Steel Corporation. The Fall River Manufacturers' Association granted 10% additional pay in response to the request of the cotton mill operatives, after having at first hesitated about the step and requested further time for consideration of the demand. The Standard Oil Co. of New Jersey anounced on Nov. 29 that, effective Dec. 1, there would be a wage increase of from 25 to 30c. a day for the 10,000 workers of its four refineries. The rate for common labor was raised from $2 20 per day to $2 50. "Recognition of the increased cost of living as well as the maintenance of the established policy of the company in keeping pace with, or ahead of, the wage rate of other industrial establishments" was the reason assigned for the action in a statement given out at the offices of the company. Pretty general advances in wages were also made in many other industries, the rubber companies, for example, being one such instance. Many concerns gave the increase in the shape of bonuses. Thus, the Consolidated Gas Co. of this city, and the New York Edison Co., with their affiliated gas and electric companies made announcement on Nov. 22 that all employees earning $3,000 a year, or less, would be paid 7% on their salaries, this being the rate of dividend paid to shareholders on their stock. The Central Trust Co. of this city having found, as the result of an investigation, that present living conditions showed an increase of 31%, announced that a separate check covering this 31% increase would be given to each employee every month while present living conditions continued.

One of the features of the month was the large number of new foreign loans brought out here. A syndicate composed of J. P. Morgan & Co., the National City Bank, the Guaranty Trust Co., Lee, Higginson & Co., and Harris, Forbes & Co., offered $50,000,000 Russian Government 5½% 5-year bonds. The loan was offered at 94¾, netting purchasers about 6¾%. The Continental & Commercial Trust & Savings Bank of Chicago, together with Chandler & Co. of New York and Philadelphia, offered $5,000,000 6% 3-year treasury notes of the Republic of China at 97½ and interest, making the yield 6.90; it was announced that the loan had been subscribed for more than three times. William Morris Imbrie & Co., the Equitable Trust Co. of this city, Spencer Trask & Co., and E. H. Rollins & Sons., brought out $5,500,000 6% serial external gold loan of the City of Sao Paulo, Brazil, due Jan. 1 1919 to 1928, at prices graded so as to yield from 6 to 6½%, according to the varying dates of maturity.

Kuhn, Loeb & Co., as syndicate managers, offered $20,000,000 City of Bordeaux, $20,000,000 City of Lyons, and $20,000,000 City of Marseilles 6% 3-year gold bonds. It was stated that the purpose of the loans to these three French cities was to provide for the expenditures for the alleviation of suffering caused by the war and for other municipal purposes. The principal and interest of the bonds are payable at the option of the holder, either in United States gold coin in New York, or in francs at the fixed rate of 5.60 per dollar, and there is, therefore, the possibility of a very substantial profit in exchange, inasmuch as the normal rate of exchange before the war was about 5.18 francs per dollar. The Government of the French Republic is to undertake to furnish, if necessary, to the three cities, gold to the amount needed to enable the payment of the principal and interest of the loan in New York. Applications for participation in the syndicate underwriting these bonds greatly exceeded the amount of the issue, but the public offering was not a complete success, in part, it is supposed, because of the action of the Federal Reserve Board with reference to purchase by the banks of short-term obligations of foreign governments, to which reference is made further below. The price of the bonds to the syndicate, it is understood, was 96½ and they were offered at 98, at which figure the return to the investor is 6¾%. The syndicate agreed to take $36,000,000, with an option on the remaining $24,000,000. The public subscription, it is understood, aggregated only $28,000,000, leaving $8,000,000 in the possession of the syndicate, and it was decided not to exercise the option on the remaining $24,000,000 of bonds.

The most important event, however, in the foreign loan negotiations was the announcement the latter part of the month by J. P. Morgan & Co., that the British and French Government treasuries had each authorized the sale in this market of a limited amount of their short term bills, running at various maturities from 30 days to 6 months and payable in dollars in New York City. It was stated that they would probably be available for purchase on or about Dec. 1, and at rates based largely upon money market conditions. It was after the announcement of this proposed offering of foreign treasury bills that the Federal Reserve Board took somewhat sensational action in advising strongly against the purchase by banks of obligations of this sort. The warning was issued on Nov. 27 and was directed against the locking up of bank funds in the purchase of short term obligations of foreign governments that by reason of their character might, it was supposed, have to be renewed from time to time until finally funded.

The Reserve Board in its statement took occasion to "disclaim any intention of discussing the finances

or reflecting upon the financial stability of any nation, but wishes it understood that it seeks to deal only with general principles which affect all alike." Commenting upon this form of borrowing the Reserve Board observed that "it would appear so attractive that unless a broader and a national point of view be adopted individual banks might easily be tempted to invest in it to such an extent that the banking resources of this country employed in this manner might run into many hundreds of millions of dollars." The Board, therefore, deemed it its duty "to caution the member banks that it does not regard it in the interest of the country at this time that they invest in foreign treasury bills of this character." The Board went on to add that it "does not consider that it is called upon to advise private investors, but as the United States is fast becoming the banker of foreign countries in all parts of the world, it takes occasion to suggest that the investor should receive full and authoritative data—particularly in the case of unsecured loans—in order that he may judge the future intelligently in the light of present conditions and in conjunction with the economic developments of the past." The action of the Board had no effect in causing any change in the plans for placing these British and French bills, but served to cause temporary depreciation in foreign government securities, and also apparently acted as a temporary deterrent or the purchase of such securities.

The Stock Exchange was more or less unsettled during the month, but though there were some sharp downward plunges there were equally striking recoveries, and while the fluctuations were wide and erratic, the weakness was never such as to cause uneasiness. The election results were a disappointment to most people in the financial world, and this led to extensive selling under which the whole list declined. The downward tendency, however, did not endure, and after a few days the industrial stocks were again made to do duty in pyrotechnic performances which carried many of them to the highest figures of the year. The railroad shares were laggards, under renewed apprehensions regarding the outcome of the controversy concerning the Adamson eight-hour law, which the railroads announced their intention of testing in the courts, and against which they secured an injunction in one of the many suits brought in the lower courts. The advance in the price of copper strengthened the copper stocks, which consequently were pushed upward, and the wonderful profits made by the Steel Corporation repeatedly raised the shares of the latter to new high levels. The latter part of the month, however, the movement was distinctly downward. Reports that the Entente countries had canceled or intended canceling some of their munition contracts in this country inspired fears that the prosperity of the industrial companies might now be short-lived and there were also suggestions at times of new complications between the United States and Germany on account of the renewed activity of the German submarines. At the very close of the month the action of the Federal Reserve Board in discouraging investments in foreign securities had a depressing effect.

In the money market there was a stiffening of rates all around, both on time and on call, under a heavy reduction in the money holdings and surplus reserves of the Clearing House banks. The call loan rate at one time touched 6% and time money at the close was 4% for 60 days and 4¼% for 90 days to 6 months.

Our foreign exchange market was a tame affair and, as for so many months past, was completely under the domination of the British Treasury. Fluctuations were compassed within an extremely narrow limit as far as rates for sterling exchange were concerned and may in fact be said to have been almost nominal. Gold imports, arrested in the early part of the month, were renewed on a large scale towards the close. In Continental rates of exchange the feature was continued weakness of German reichmarks and Austrian kronen, both of which made new low records.

NEW YORK STOCK EXCHANGE

MONTHLY AND YEARLY RECORD

The following tables furnish a complete record of the New York Stock Exchange transactions for the past month and the year 1916. They need no extended introduction, as they are self-explanatory. The tables embrace every security excepting only State bonds) dealt in on the Exchange. We give bonds first, using the classification adopted in the official list. The black-faced letters in the column headed "*Interest Period*" indicate in each case the month when the bonds mature.

In accordance with the rule adopted by the New York Stock Exchange in 1909, all quotations for interest-paying bonds are at a price to which accrued interest must be added. The exceptions to the rule are income bonds and bonds on which interest is in default. This method of quoting bonds became effective January 2 1909.

☞ *For foot-notes to tables see last page of bonds and last page of stocks.*

GENERAL QUOTATIONS
OF
BONDS AND STOCKS.

1. In the following thirty pages of tables, quotations are given for all the more important securities listed on any Stock Exchange in the United States; also for leading unlisted and inactive securities.

2. Quotations from all Stock Exchanges are as near as possible for the *closing day of the month preceding the date of issue.* As the New York Stock Exchange began with Jan. 2 1909 to quote all bond prices "and interest," we have adopted the same method, and no longer employ a designating mark to indicate the fact except where there is a deviation from this rule. The reader will understand, therefore, that unless the letter "*f*" is prefixed to the price, he must pay accrued interest *in addition* to the price. This, however, does not apply to income bonds or bonds in default, in which cases the price includes the interest, should there be any.

3. The letter "*f*" prefixed to bond prices denotes that the quotation is a flat price—that is, that the accrued interest forms part of the price, and therefore the purchaser does not have to provide for it separately in making payment. As already stated in the case of income bonds and bonds in default, the price is always "flat," and no designating mark is employed to indicate the fact.

4. Stock prices marked thus (*d*) are per share. All others are per cent except bank stock prices, which are quoted per share unless otherwise stated.

5. It should be borne in mind in the use of these tables that the quotations for many inactive and unlisted securities are merely nominal, but in all cases the figures are obtained from sources which are considered reliable.

6. The following abbreviations are often used, viz.: "M" for mortgage, "g" for gold, "g'd" for guaranteed, "end" for endorsed, "cons" for consolidated, "conv" for convertible, "s f" for sinking fund, "l g" for land grant, "op" for optional.

7. The black-faced type in the letters showing the interest period indicates the *month* when the bonds mature.

NOTICE—All bond prices are "and interest" except where marked "f" and income and defaulted bonds.

PUBLIC UTILITIES

In the following rearrangement of our quotation lists we bring together under the general designation of "Public Utilities," all the different forms of such securities, thinking it easier for the reader to find any particular issue in a general list than when the securities are subdivided under separate heads and there is doubt as to what head to look under. In other words, under "Public Utilities," we include Street and Electric Railways, Gas, Electric, Power, Water and Telegraph and Telephone Companies.

In quoting Public Utility bonds, we employ the same method as in quoting the bonds of steam railroads. The great majority of issues being quoted "and interest," we use no designating mark whatever where that is the case. On the other hand, we prefix the letter "*f*" where there is a deviation from this rule; in such cases the interest forms part of the price. Unless, therefore, "*f*" appears against a quotation, the buyer will understand that the accrued interest is to be added on. This, however, does not apply to income bonds and bonds in default, in which cases the price takes account of the interest (should any payment be announced) and no designating mark is employed.

NOTICE.—All bond prices are "and interest" except where marked "f" and income and defaulted bonds.

INDUSTRIAL AND MISCELLANEOUS SECURITIES

In the rearrangement of our quotation lists we classify under the designation "Industrial and Miscellaneous Securities," all issues which *do not* appear under the previous two headings, namely "Railroads (Steam)" and "Public Utilities." In the case of stocks, however, we put "Textile Manufacturing," "Insurance," "Mining," "Real Estate and Land," "Title Guarantee and Safe Deposit Companies" under separate heads, then follow with the rest of the "Industrial and Miscellaneous."

Quotations marked "f" indicate that accrued interest is included in the price. Prices not marked are "and interest," that is, purchaser has to pay accrued interest in addition to the price. This, however, does not apply to income bonds and bonds in default, in which cases the price takes account of the interest and no designating mark is employed.

NOTICE.—All bond prices are "and interest" except where marked "f" and income and defaulted bonds.

STATE AND MUNICIPAL BONDS

In State and municipal bonds the custom has always been to quote them, "and interest." That is the accrued interest must in all cases be added on. There are a very few instances which form exceptions to the rule—that is, where the prices given are flat prices, the accrued interest having been taken into account in making them. These are indicated by a special mark, thus (*f*).

The figures in the column "*to net*" indicate the basis on which the securities sell or the interest rate which the securities if held to maturity will net to the purchaser at the present market price.

BANKS AND TRUST COMPANIES.

Quotations in this department are given per share, not per cent, except for stocks of New York City, Brooklyn and Canadian institutions, and are as near as possible for the *closing day of the month preceding the date of issue*, though often are nominal. An asterisk (*) denotes sales. The letter (*h*) prefixed to a price indicates that the figures show the book value.

Figures of deposits, capital and profits for the national banks are from the Comptroller's last call; for all other institutions they are the latest obtainable, direct returns being procured by us where no periodic statements are required. For the Clearing-House banks of New York, Philadelphia and Boston, deposits are taken from the latest weekly statement.

Where Names are Printed in Italics Fuller Returns may be Found in the Advertising Columns

EXPLANATIONS OF TERMS AND ABBREVIATIONS USED.

The following is an explanation of the terms and abbreviations used on succeeding pages in the presentation of the statements of the different companies:

"STOCK AND BONDS."—Under these words are shown—

"*Stock.*"—The amount of stock *authorized* immediately follows the word "stock," and against this is the par value of single shares. For example, "Stock, $200,000 ($100)," means stock, total issue authorized by charter or by Act of Legislature, $200,000, divided into shares of $100 each; "f. p." following the amount given as outstanding means "full paid."

"Pref." means "preferred stock." "Pref. 6% cum." means preferred stock entitled to dividends of 6% per annum, such dividends if not paid accumulating, all dividends due and unpaid to be paid in full for each and every year before the common stock receives anything. "Pref. 6% *non*-cum." means simply that the stock is entitled to 6% per annum if earned, but that if unearned in any year the dividend for that year will not be paid subsequently. "Div." means dividend. The last dividend paid is shown under the column headed "*Maturity.*"

"*Bonds.*"—"Mort.," "mtge." or "M." means mortgage. "Consol." or "con. M." means consolidated mortgage. "Gen. M." means general mortgage. "Ref. M." means refunding mortgage. "Coll. tr." means collateral trust. The amount next following is the total authorized amount that can be issued under the mortgage. The denominations in which the bonds are issued usually follow in parentheses. The word "gold" is usually spelled out, but in some instances is contracted to "g," while "cur." means currency.

"Conv." means convertible into stock. "S. f." means sinking fund. "c." means coupon; "c*" means coupon but may be registered as to principal; "r" means fully registered (no coupons); "r*" means registered, convertible into coupon bonds; "c*&r*" means registerable in either form and convertible from registered to coupon or the reverse; and "c*&r" means that registered certificates without coupons as well as coupon bonds are outstanding. The letters "p.m." mean per mile, so $15,000 p.m. means that the issue of bonds is restricted to $15,000 for each mile of track. "Guar." means guaranteed, and "guar. p. & i. (end.)" means guaranteed as to principal and interest, the guaranty being endorsed on each bond. "Red." means redeemable. "Trus." or "tr." means trustee of the mortgage.

TAX EXEMPTION.—Where there is a provision in bond or mortgage which would seem to make the interest free from the Federal income tax, we indicate the fact in black-faced letters—tf, meaning apparently tax-free; where there is no such covenant we insert the letters ntf, meaning apparently *not* tax-free. Where we have no knowledge other than that the company has assumed or is paying the tax, we insert the letters cpt, which means that *company pays tax, at least for the present.* Until the courts have passed both upon the various features of the tax and the effect of the several tax clauses in the bonds and mortgages, it is impossible to give more definite information.

"DATE."—The date of issue on the face of the bonds is indicated under the word "*Date.*"

"INTEREST."—Under this heading is given the rate per cent yearly of the interest payable on the bonds or (if guaranteed) of the dividend payable on the stock; also the months when the interest or dividend is payable; thus "6 J-J" means 6% per annum payable January and July; correspondingly "F-A" is used to mean February and August; "M-S" means March and September, and so on; while "Q-J" means quarterly beginning in January and "Q-F" quarterly beginning in February. (The day when the interest payment is due can generally be determined by noticing when the loans mature, the day of the month there given being in most cases the same as for one of the interest dates.) "S.-a." means semi-annual.

"ROAD."—The word "track" means in street railway parlance all tracks, whether main line, siding, switch or second track. "Rails are 80-lb. girder" means that each rail weighs 80 pounds to the yard. "k.w." mean kilowatts and "h.p." means horsepower. "k.v.a." means kilo-volt-amperes. "P-A-Y-E cars" means pay-as-you-enter or prepayment cars.

"Exts., add'ns and impts." mean extensions, additions and improvements. "Auth." means authority or authorized. "Oth. inc." means other income. "Cal. year" means calendar year.

REFERENCES TO "CHRONICLE."—This supplement is expressly intended for use in connection with the investment news and official reports published from week to week in the "Chronicle." Frequent reference is therefore made to the volume and page of the "Chronicle" (as V. 103, p. 000), where fuller information may be found. Following also each statement is given a reference to the latest news item in the "Chronicle" respecting the company. As every such item contains a reference to the last preceding item, the reader can run back at pleasure. Annual reports are in black-faced figures.

ELECTRIC RAILWAYS.

SECURITIES AND REPORTS

This is one of our six Sections or Supplements. In using the series it is to be remembered that they are inter-dependen publications, complete only as a whole. If utilized together, and with the fresh items of news the "Chronicle" contains from week to week, the investor will have all the information he needs in seeking a safe and remunerative lodgment for his money.

A full *Index* showing where each railway will be found is given in the closing pages of the book.

AKRON, OHIO.

NORTHERN OHIO TRACTION & LIGHT CO.

In Sept. 1916 Hodenpyl, Hardy & Co. of New York and E. W. Clark & Co. of Philadelphia acquired over 90% of the common stock at par. V. 103, p. 844.

ORGANIZATION.—Incorp. in Ohio in Dec. 1902 as successor to the Northern Ohio Traction Co., having exchanged its securities for the common and pref. stock of the latter per terms in V. 75, p. 733. In 1906 acquired control of the Canton-Akron Consol. Ry., and guarantees that company's $2,500,000 consol. 5s, prin. and int. V. 83, p. 435, 849. Also owns entire capital stock of Akron Wadsworth & Western Trac. Co. and guarantees its bonds prin. and int. Common stock listed on N. Y. Stock Exchange in March 1909.

Franchises.—The electric light and power properties are operated under rights without specified limit as to duration. 70 miles of the interurban trackage are on private right-of-way; franchises for city lines and remaining interurban mileage expire from 1917 to 1932.

Shareholders Jan. 24 1914 sanctioned increase in auth. amount of pref. stock to $5,000,000 for financing further additions, extensions, &c. V. 98, p. 74. Stockholders approved action of directors in providing for the payment of Federal income tax upon the various issues of the co.'s bonds.

On April 14 1914, after extended negotiations, conveyed to city of Akron certain Cuyahoga River water rights for $348,000.

On Oct 19 1915 the Ohio Supreme Court held that the franchise granted for an indefinite period by the Stark County Commissioners in 1892 (covering about 4½ miles between Canton and Massillon outside the city limits) was not perpetual as claimed by the company—see V. 101, p. 1371. The company has taken an appeal to the Federal Court.

In Feb. 1916 the com. and pref. shareholders were given the right to subscribe at par for $1,518,400 6% cum. pref. stock, being the remainder of the auth. issue of $5,000,000. V. 102, p. 1060, 1441.

On July 21 1916 the Ohio P. U. Comm. auth. the co. to issue $14,075,000 40-year 1st lien & ref. 5% bonds, of which $12,000,000 to be used to retire underlying securities and the remainder for ext. and impts. $4,000,000 of the new bonds have been issued, the proceeds being used to take up the $1,300,000 outstanding coll. trust bonds of 1913 and the $500,000 coll. trust bonds of 1915 and for exts. and impts. see "Chron." for Sept. 30 1916.

Stockholders are to vote on Oct. 2 1916, on increasing the auth. amount of pref. stock from $5,000,000 to $10,000,000.

June 9 1903), per plan in V. 94, p. 1119, 1185; V. 95, p. 819; and as a result of which capital was materially reduced. The legality of the consolidation was upheld in a decision by the Supreme Court of Indiana in the fall of 1915. The Indiana Union Traction Co. had previously acquired the Indiana Northern Traction Co. (V. 81, p. 1848), Muncie & Union City Traction Co. (V. 83, p. 96) and Muncie Hartf. & Ft. W. Ry. (V. 82, p. 805, 869, 1041). The latter company was leased to the Indiana Union Trac. at a rental (in addition to operating exp., int. on bonds, &c.), equivalent to 5% on Mun. Hartf. & Ft. W. Ry. $500,000 cum. pref. stock; V. 83, p. 96. The *old* Union Trac. Co. of Indiana was a consolidation of the Union Trac. Co. of Indiana (incorp. in June 1899), and the Indianapolis Northern Trac. Co. (incorp. in April 1902). Leases the Broad Ripple Natatorium Co. and owns $9,500 of its 5% bonds.

Also owns the $100,000 1st M. 6s outstanding and $49,500 of the $50,000 stock of the Traction Light & Power Co. and $75,000 of the capital stock the United Tractions Coal Co.

Leases Indianapolis Newcastle & Eastern Trac. Co. for 999 years from Oct. 25 1912. Lease modified in 1914 and com. and pref. stocks of the Ind. New. & E. Trac. Co. formerly held were transferred in satisfaction of obligations incurred in leasing that company and acquiring that stock, and in building the Muncie-Newcastle line, and in consideration of further advances for improving power facilities for that line, a total of about $521,000 (V. 100, p. 975). Lease again modified as of June 30 1916. See terms under Ind. Newc. & Eastern Trac. Co. below.

GEORGIA RAILWAY & POWER CO.—(*See Map on page 6*).

ORGANIZATION.—Incorp. in Georgia on Oct. 16 1911 to take over the following properties (V. 93, p. 1191, 1725):

Atlanta Hydro-Elec. Power Co.	Inter-State Power Co.
Atlanta Water & Elec. Power Co.	Savannah River Power Co.
Georgia Power Co.	South Carolina Power Co.

In June 1916 purchased the Gainesville Ry. & Power Co. (see p. 45 of "El. Ry. Section" for May 1916) for about $180,000. V. 103, p. 144.

Also leases the Georgia Railway & Electric Co. (see below).

It is planned to construct and operate in connection with the development of the water powers a system of interurban railways.

In June 1912 Judge Pendleton in the Superior Court sustained a demurrer to the suit brought to have the company declared a trust in violation of the Anti-Trust law. V 94, p. 1763. An appeal was taken to the Supreme Court but in Jan. 1913 the suit was withdrawn. V. 96, p. 285.

In a suit brought by the Attorney-General of Georgia in Nov. 1912 to eject the company from certain property at Tallulah Falls, where a large power-plant has been constructed, a jury in the Rabun County Superior Court at Clayton, Ga., in May 1913 gave a verdict in favor of the company. The Supreme Court of Georgia on Dec. 13 1913 affirmed the decision of the lower Court. V. 95, p. 1472, 1541; V. 96, p. 1629; V. 97, p.1822.

BALTIMORE, MD.

Street railways of Baltimore pay a park tax of from 1% to 9% of gross receipts from lines within City Limits, except on turnpikes and private rights of way, and are required to pave between tracks and two feet on each side.

UNITED RAILWAYS & ELECTRIC CO. OF BALTIMORE.—Trolley

ORGANIZATION.—Incorporated at Annapolis March 4 1899. Comprises all the passenger railways in Baltimore City and Baltimore County and lines extend into Anne Arundel County and Howard County. Through the present and previous consolidations, embraces the following:

Baltimore Catonsville & Ellicotts Mills Passenger RR.	Central Railway Co.
Baltimore City Passenger Ry. Co.	Gwynn's Falls Railway of Baltimore City.
Baltimore Consolidated Ry. Co.	Maryland Traction.
Baltimore & Curtis Bay Ry.	Pimlico & Pikesville RR.
Balt. Gardensville & Belair Elec. Ry.	Shore Line Electric Ry.
Baltimore & Northern Elec Ry. Co.	Walbrook Gwynn-Oak & Powhatan.

Also owns all the stock, and holds a lease of the Baltimore Sparrows Point & Chesapeake Ry. Co.

Allied Company.—In Aug. 1906 the Maryland Elec.Ry., which had agreed to provide funds for needed improvements and acquisitions of the United Ry. & Elec. Co., was consolidated with the Balt. & Annapolis Short Line, thus forming the Maryland Elec. Rys. See statement of that co. below.

Power Contract.—In Feb. 1911 entered into a 15-year contract with Pennsylvania Water & Power Co. for supplying power in conjunction with United Railways Co. for operation of cars. V. 92, p. 467.

Favorable Tax Decision.—On June 29 1909 the Court of Appeals of Maryland held that the park tax of 9% on gross earnings of lines within city limits was intended to be in lieu of all other taxes, and that no further tax on the intangible property can be levied without express legislative authority. The easements in 14 miles of turnpikes in annexed districts were held to be taxable. V. 89, p. 44.

In April 1913 Judge Bond in the City Court at Baltimore decided that the company must pay cost of repaving streets between tracks and 2 ft. on either side. See V. 96, p. 1090. On Aug. 5 1913, the Court of Appeals of Maryland reversed the ruling and unanimously held that company's obligation with respect to the track area was to repair and not to re-pave. In Feb. 1916 the same court again held that co. is required merely to keep its tracks in repair.

In June 1914 the Maryland Court of Appeals, reversing the lower Court, held that the State Roads Commission cannot recover from the electric railway companies the cost of changing and re-locating tracks in building the system of State highways. V. 98, p. 1995.

BOISE CITY, IDAHO.

IDAHO POWER CO.

[The following statement, while premature, is understood to be approximately correct. No official statement will be ready for several months.]

ORGANIZATION.—Incorp. in Maine in 1916 with a capitalization of $17,000,000 as a consolidation of the hydro-electric and steam generating properties in Southern and Western Idaho, with their transmission and distributing systems and some allied elecrtic railways which were taken over by General Electric interests in 1915 and financed through the Northern Securities Corporation (see this section for May 1916). Included in the merger are the Idaho-Oregon Light & Power Co., the Idaho Railway, Light & Power Co., the Idaho Power & Light Co., the Great Shoshone & Twin Falls Water Power Co., the Southern Idaho Water Power Co., the Jerome Water-Works Co., together with a number of properties controlled by these corporations. The Electric Investment Corp., which was organized to assist in the consolidation, will be dissolved. The Boise Valley Traction Co., organized to take over the electric railway lines, will remain in existence, but all its stock will be held by the Idaho Power Co.

The new company will operate in every city and town in the Snake River Valley with the exception of two supplied with Government power. It now has 30,000 h. p. capacity and owns a number of undeveloped sites which are capable of generating large amounts of power. It owns generating plants at American Falls, Shoshone Falls, lower Salmon River Falls, Malad River, Swan Falls, Ox Bow and Horseshoe Bend, and leases the plant of the Boise Payette Lumber Co. at Barber, the United States reclamation service plant on the Boise River and the Thousand Springs Power Co. plant in the Hagerman Valley. Its electric generating plants and transmission and distributing systems extend from Blackfoot in the east to Huntington, Ore., on the west, and, with the exception of the Government power plants at Burley and Rubert, include all the generating plants in that territory.

OFFICERS.—Pres., F. F. Johnson, Boise; V.-P. & Gen. Mgr., William T. Wallace; V.-Ps., George E. Claflin and D. F. McGee, of N. Y.; Asst. Sec. & Asst. Treas., E. P. Summerson and A. E. Smith.—V. 103, p. 760.

BOSTON, MASS.

BOSTON ELEVATED RAILWAY.

ORGANIZATION.—Charter granted in 1897 provides for an extensive system of free transfers. The company also, in addition to regular street railway taxes, has to pay ⅞ of 1% of gross "earnings of all lines owned, leased or operated by it," and a sum equal to the excess of the dividends over 6%. Its charter, however, is understood to "grant it exemption from reduction of fares, and also other immunities." (See Massachusetts RR. Commission, V. 65, p. 1223.)

On April 29 1903 leased from the Old Colony Street Ry. (now merged in the Bay State St. Ry.) all that company's tracks in the city of Boston, amounting to 23.753 miles. The lease is for 99 years and provides that besides paying taxes the Elevated Co. will pay 6½% of replacement value (appraised at $353,979, less the rental of certain short pieces of track appraised at $13,866) of the property leased as of date Feb. 16 1903, and 4% on the cost of all additions and betterments.

Lease of West End.—The West End Street Ry. is leased until June 10 1922

Consolidation with West End Street Ry.—In July 1911 Massachusetts Legislature passed an Act (signed by the Governor on July 21 1911) superseding that approved May 28 1908 (V 86, p. 917, 1342), permitting the consolidation of Boston Elev. and West End St. Ry. at the expiration of the present lease, on June 10 1922. 8% cum. 1st pref. stock of Bost. Elev. (having the ordinary voting powers, but not "entitled to participate in any increase or issue of new stock, com. or pref."), to be issued, $ for $, for West End pref. and 7% cum. (or 8% if arbitrators so decide) 2d pref. (having all voting powers without exception) for com stock of West End. After the issue of the new pref. shares no other stock to be issued "prior or equal to such 1st pref. and 2d pref. stock without the consent of two-thirds of the holders of such stocks, respectively." The Act also provided that the Street Ry. forthwith sell to the Elevated Co. all unused real estate, the proceeds not exceeding $1,500,000 to be invested as a special trust fund and to accumulate until June 10 1922. Thereafter the annual income thereof shall be applied to cancellation of 2d pref. stock. When all the 2d pref. has been retired then said fund shall be applied by the Elevated Ry. Co. to any purpose for which stock and bonds can legally be issued. See terms of Act in V. 93, p. 344. Shareholders of both the Boston Elev. and West End St. Ry. approved the Act; the former on Aug. 24 1911 and the latter on Sept. 6 1911. V. 93, p. 666. Holders of West End com. and pref. stock may on or before June 10 1922 exchange their stock at par for Elevated Ry. common. After June 10 1922 holders of Bost. Elev. 1st or 2d pref. may exchange their stock for an equal amount at par of Bost. Elev. common.

On Sept. 5 1911, in a suit brought to test the constitutionality of the Merger Act, Judge Colt in U. S. District Court sustained the demurrer of the West End St. Ry. and dismissed the suit to prevent the merger. V. 95, p. 618. New suit brought by a West End shareholder in France on Dec. 31 1913. See V. 98, p. 74.

Subways.—In Dec. 1896 the West End Street Ry. leased the right to use the Tremont St. subway in Boston. See terms under West End Street Ry.

On Dec. 24 1904 the East Boston tunnel (under Boston Harbor) was leased by the Boston Elevated Ry. until June 10 1922 for a rental of ⅛ of 1% of earnings of all lines owned, leased or operated. The company also collects a toll of 1c. per person, which goes to the city; but under the general extension of contracts made in 1911, this provision will be eliminated after June 10 1922. The tunnel was opened Dec. 30 1904. It extends from the main land to East Boston, 1.4 miles, and cost $3,500,000.

On June 28 1902 Washington Street Subway bill became a law. The city constructed a tunnel for elevated trains and leased same to the Boston Elevated Ry. for 25 years at an annual rental of 4½% of total cost of construction, which at Jan. 1 1916 was $7,901,700 net. V. 88, p. 98. Proposition was ratified by voters at Dec. 1902 election. V. 75, p. 28, 496, 1315; V. 77, p. 2097; V. 82, p. 217. The Washington Street tunnel began operation Nov. 30 1908. V. 87, p. 1477.

In June 1906 the Mass. Legislature passed a law permitting the Boston Elev. to construct two subways in Cambridge, and to issue stock or bonds to meet the cost. At the end of 20 years the city of Cambridge is to have the right to purchase these subways by paying their cost plus 7% int., less dividends. V. 83, p. 93. On Jan. 4 1912 the first through train was run in the new subway; it was opened for public travel Mar. 23 1912. V. 94, p. 1185.

New Construction of Subways and Old Contracts Extended.—In July 1911 Mass. Legislature passed an Act (accepted by the city and Boston Elev. in Sept. 1911) providing for the construction by the city of three additional subways, viz., Dorchester Tunnel, Boylston St. Subway and East Boston Tunnel extensions, and the extension of all existing contracts until July 1 1936, the date to which contracts for new lines are to run. Annual rental after expiration of old contracts to be as follows: Tremont St. Subway (see under West End), 4½% on net cost; East Boston tunnel (now expiring June 10 1922), 4½% on net cost (provision for tolls from passengers using the tunnel eliminated for extension period); Washington St. tunnel (now expiring Nov. 30 1933), 4½% on net cost. Annual rental for new lines: Cambridge connection, for first 20 years, 4⅛% on net cost; thereafter 4½% on net cost; Dorchester and Boylston tunnels and East Boston tunnel extension, 4½% on net cost. The Act also provides that all contracts are to continue after July 1 1936 until terminated by a two-years' notice by either party. The various new leases and extensions of old leases were signed by the parties thereto on Dec. 7 1911. V. 93, p. 1785.

The new Boylston St. rapid transit subway on which work was begun Mar. 8 1912, was opened for traffic Oct. 3 1914 from the Tremont St. subway, near Charles St., and the Public Gardens, westward toward Brookline, 1½ miles. The subway cost the city about $4,500,000 (V. 99, p.1213). The extension of the East Boston Tunnel, on which construction was begun Nov. 29 1912, was opened March 18 1916, permitting an 18-minute schedule from Central Square, Cambridge, to Maverick Square, Boston. Estimated expenditure on this project, $2,400,000. V. 102, p. 1058. Construction of the Dorchester Tunnel, which is to be an extension of the Cambridge subway, was begun on May 30 1912, and is well under way. On April 4 1915 trains began operating to Washington Station, just east of the the Summer and Winter stations of the Washington Street Tunnel. Cost of this tunnel without equipment is estimated at upwards of $9,800,000.

Everett Elevated Extension.—The P. S. Comm. granted an extension of time for construction of the Everett extension till Feb. 20 1917 and the Secretary of War an extension of time for the completion of the bridge until May 1 1918.

Damages by Noise.—In Aug. 1902 Judge Mason, in the Superior Court at Boston, held that the company is liable for damages from noise caused by the operation of trains. V. 75, p. 496. This was affirmed April 1903 by Massachusetts Supreme Court. V. 76, p. 809.

Wage Increase.—For wage increase effective May 1 1916, see V. 103, p.320.

In Oct. 1915 sold $3,286,000 additional bonds. Under Mass. law bonds may be issued only up to the par value of the company's stock plus paid-in premiums, amounting on June 30 1915 to $26,586,828. No new bonds may be issued, therefore, until additional stock has been put out. See remarks in annual report for year ending June 30 1915 in V. 101, p. 1550.—V. 101, p. 1369, 1712. Following Gov. McCall's message of May 23 1916 to the Legislature (V. 102, p. 2076), a special recess committee was appointed to report to the next Legislature on the advisability of the State's taking any action to enable the co. to obtain net revenue adequate for its corporate purposes. The co. is seeking an increase in fares from 5 to 6 cents. V. 102, p. 2076.

MASSACHUSETTS ELECTRIC COMPANIES.—Street railways.

ORGANIZATION.—Formed in May 1899. Is not an incorporated company, but a voluntary association managed by a board of fifteen trustees, who hold the title to its assets. The trust runs for 21 years, or until June 29 1920, at which time the affairs of the Association are to be liquidated (the pref. shares having a first claim upon the assets for $100 per share together with all unpaid accumulations of dividends) unless prior to that time, at a meeting called for that purpose, two-thirds of the shares then outstanding shall vote to continue its existence. V. 97, p. 1823. Messrs. E. Rollins Morse & Br. and Tucker, Anthony & Co. of Boston, who promoted the combination, in June 1899, in offering some of the stock for public subscription ($1,000 of pref. and $500 com. was offered for $1,050), stated that "the Declaration of Trust contains strict provisions against the creation of any indebtedness whereby any shareholder or trustee can be held to any personal liability." Comprised originally between 30 and 40 separate properties, but through consolidation there is now only one operating company, namely, the Bay State St. Ry., whose entire common stock is owned by the Massachusetts Electric Cos. The Hyde Park Electic Lt. Co., formerly owned, was sold on Jan. 3 1912 to Edison Elec. Illum. Co. of Boston, but in Mar. 1912 the Bay State St. Ry. bought back the power station.

The system comprises electric street railway lines in 22 cities and 70 towns in Eastern Massachusetts and New Hampshire and Rhode Island, covering the greater part of the street railway mileage north of Boston as far as Nashua, N. H., and Newburyport and Gloucester, Mass., and south as far as Fall River and New Bedford, Mass., and Newport, R. I., connecting directly with the street railway system of Boston; also an electric-lighting property in Newport, R. I. The cars of the Bay State St. Ry. run into the subway of the Boston Elevated Ry. as far as Scollay Sq. under a 99-year lease.

Payment of Accrued Divs. on Pref. Stock.—On Jan. 5 1912 pref. share holders were offered $3,649,000 in negotiable warrants for additional pref stock, to represent accrued dividends of 17¾% on pref. shares. New pref shares issued July 1 1912. V. 93, p. 1462; V. 94, p. 68.

Wages.—For award by arbitration board in June 1915 see V. 100, p. 2167.

STOCK AND BONDS.—The share capital is represented by certificates of participation which give the owners a proportionate interest in the shares held by the trustees. Both classes of shares are reported exempt from taxation in Massachusetts. Com. stock and stamped pref. stock listed on Boston Stock Exchange. *The balance sheet of the controlled Bay State St. Ry.* shows funded debt June 30 1915, $23,480,000, and notes for amounts due Mass. Elec. Cos., $1,250,000.

Lease.—In 1903 the Boston Elevated Ry. leased all of the track of the former Old Colony Street Ry. (now a part of the Bay State St. Ry.) in the city of Boston for 99 years. The lease provides for the payment of all taxes and also 6½% on replacement value (appraised at $353,979, less the rental of certain short pieces of track appraised at $13,866) of property leased as of date Feb. 16 1903, and 4% on all additions and betterments.

In 1907 obtained permission to do a freight business in a majority of the towns along its lines south of Boston, and is now handling express and freight by trolley over a considerable percentage of this track. In Sept. 1911 Mass. RR. Commission granted authority to carry coal in car-load lots or less in Dracut, Methuen, Middletown and North Andover.

In Sept. 1912 signed a contract by which the Boston Elevated brings the company's express cars into Boston over the former's lines to a freight terminal. V. 95, p. 1123.

Decision regarding carrying children for half-fare.—In May 1912 the full bench of Mass. Supreme Court sustained the constitutionality of Chap. 576, Acts of 1911, providing that street railways shall carry school children under 16 years of age for half fare. V. 94, p. 1507.

Fare Decision.—In a decision made public Sept. 1 1916 the Mass. P. S. Comm. denied the co.'s petition for a general increase in fares from 5 to 6 cents, but indicated that it would approve an increase in fares on certain interurban lines. See V. 103, p. 937.

Wages.—For award by arbitration board in June 1915, see V. 100, p. 2166.

In April '16 the Mass. P. S. Comm. auth. the company to issue $735.700 6% cum. pref. stock at par, $400,000 1st M. bonds of the Boston & Northern St. Ry. and $300,000 1st M. bonds of the Old Colony St. Ry. to provide for floating debt incurred in making additions, extensions, &c. A previous order authorizing $1,281,900 pref. stock was rescinded, no stock having been issued thereunder. See V. 102, p. 1162, 1539. New securities were issued in May 1916.

The co. has applied to Mass. P. S. Comm. for auth. to issue $2,766,277 of a new $3,500,000 issue of 5% serial notes for construction, replacement of rolling stock, &c. V. 102, p. 2165; V. 103, p. 1117.

New Subways and Extensions.—An agreement was reached in May 1912 as to how the routes of the new dual subway system in lower Manhattan should be apportioned between the Interborough and Bklyn. Rapid Transit, and the Court of Appeals at Albany having on June 29 1912 affirmed the decision of Justice Blackmar (V. 94, p. 1057) holding to be constitutional the terms of the proposed contracts with the Interborough and B. R. T., formal contracts were drawn up by the P. S. Comm. and were signed on Mar. 19 1913. V. 96, p. 862. See caption "Rapid Transit in New York City" in V. 94, p. 1384, 1449, 1566; V. 95, p. 48, 111, 237, 1040; V. 96, p. 63, 136, 488, 716, 864. The new subway lines, built and to be built jointly by the Brooklyn Rapid Transit and the city, are as follows:

(*a*) Subway line traversing the Borough of Manhattan from the Battery to 59th St., mostly on Broadway, and connecting by tunnel under the East River with subway lines in Brooklyn, with rights over the Brooklyn, Manhattan, Williamsburg and Queensboro bridges. (The Board of Estimate in July 1915 decided to make the connection with the Queens lines by tunnel under the river instead of over the Queensboro Bridge. Com. V. 101, p. 1554. Contract for tunnel awarded in Sept. 1916. V. 103, p. 1033.)

(*b*) Centre St. loop, connecting the different bridges and extended through Nassau and Broad Sts., Manhattan, to a connection with the lower East River tunnel and the 4th Ave. subway in Brooklyn, with extensions to 86th St. and Coney Island. Two tracks in the Centre St. loop were placed in operation Aug. 4 1913 (V. 97, p. 297) and the other two were placed in operation from time to time during the year 1914-15. The reconstructed Sea Beach line was placed in operation May 1 1915 from Sixty-first Street and Third Avenue to Coney Island. The Fourth Avenue Subway was formally opened June 22 1915 to Sixty-fifth Street. The extension to 86th St. was placed in operation Jan. 15 1916. On June 24 1916 the New Utrecht Ave. elevated branch of the Fourth Ave. subway was placed in operation as far as 62d St. and on July 31 1916 line was opened to 25th Av.

(*c*) Subway line extending from 6th Ave. and 14th St., Manhattan, across Manhattan, under the East River, to North 7th St., Brooklyn, and thence part subway and part elevated through the Eastern District by Metropolitan, Bushwick, Johnson and Wyckoff Aves. to join the Cypress Hills line. Contract for tunnel under East River was signed Feb. 29 1916.

(*d*) Subway line in Brooklyn connecting Manhattan Bridge with the Brighton Beach RR.

In addition to the above, there are several extensions of present lines to be built by the company as well as third tracking and making additions and improvements to existing lines, some of which have already been completed and others are expected to be completed in the near future. See report for year ending June 30 1916 in V. 103, p. 413. The cost of construction to the city of lines in the Dual Rapid Transit system under contracts Nos. 3 and 4 (incl. both the Interborough and B. R. T. sections) now under construction, was originally estimated at $164,294,079 (not incl. allowances for the expenses of the P. S. Comm.), and the total cost of construction and equipment to the B. R. T. at $65,000,000. It would seem, however, that the city's contribution will have to be increased, inasmuch as a report prepared by Commissioner Travis H. Whitney and Chief of Rapid Transit Le Roy T. Harkness submitted to the Board of Estimate in July 1916, showed that the total cost *to the city* of completing said contracts would exceed the original estimate by nearly $22,000,000, due chiefly to the higher cost of labor, materials and borrowed money as represented by interest charge on city bonds. See V. 103, p. 238. In addition, there must be added $3,545,000 for expenses of the P. S. Comm. and $4,194,797 for the cost of the Queensboro tunnel, making a total known cost to date of $194,031,876. See under "Rapid Transit in New York" in V. 103, p. 1033.—As of June 30 1916, the N. Y. Municipal Ry. Corp. had expended on account of contribution to city-owned lines, $11,148,835; on account of equip. of city-owned lines, $6,153,120; and for add'ns, exts. and impts. of existing lines, $23,532,620; a total of $40,834,575. The third track on the Fulton St. line between Manhattan Jct. and Nostrand Ave. was placed in operation Dec. 27 1915. The third track on the Broadway line from Havemeyer St. to Myrtle Ave. was placed in operation Jan. 17 1916. Operation of the Liberty Ave. elevated extension was begun Sept. 25 1915. The N. Y. Mun. Ry. Corp. has been granted extensions of time to July 27 1918 and Feb. 2 1918 within which to complete construction and begin operation of additional tracks on the Fulton St. and Broadway elevated lines respectively

See N. Y. Municipal Ry. Corp.—organized to carry out company's agreement with city—on a subsequent page.

As to financing of the new construction work by the B. R. T., see Secured Gold Notes in table below, and text relating thereto, and also V. 94, p. 1694. Remaining $20,000,000 notes were sold in Oct. 1915, V. 101, p. 1188.

The *Brooklyn City RR Co.* is held under a 999-year lease dated Feb. 14 1893, guaranteeing all fixed charges, organization expenses, taxes and 10% dividend on $12,000,000 of stock. The lease is nominally to the Brooklyn Heights RR. Co., but the Brooklyn Rapid Transit Co. owns the entire capital stock of the Brooklyn Heights Co. In 1898 the Heights Company leased the Brooklyn Queens County & Suburban RR. The lease was renewed year by year, rental being fixed charges, taxes and organization expenses. On July 1 1901 the B. Q. C. & S. began operating separately again. On April 1 1899 the Heights Company temporarily leased the Nassau Electric RR. Later permanent leases were made, but on June 30 1904, presumably in consequence of a decision (V. 79, p. 102) compelling the issuance of transfers, the lease of the Nassau Electric RR. was canceled

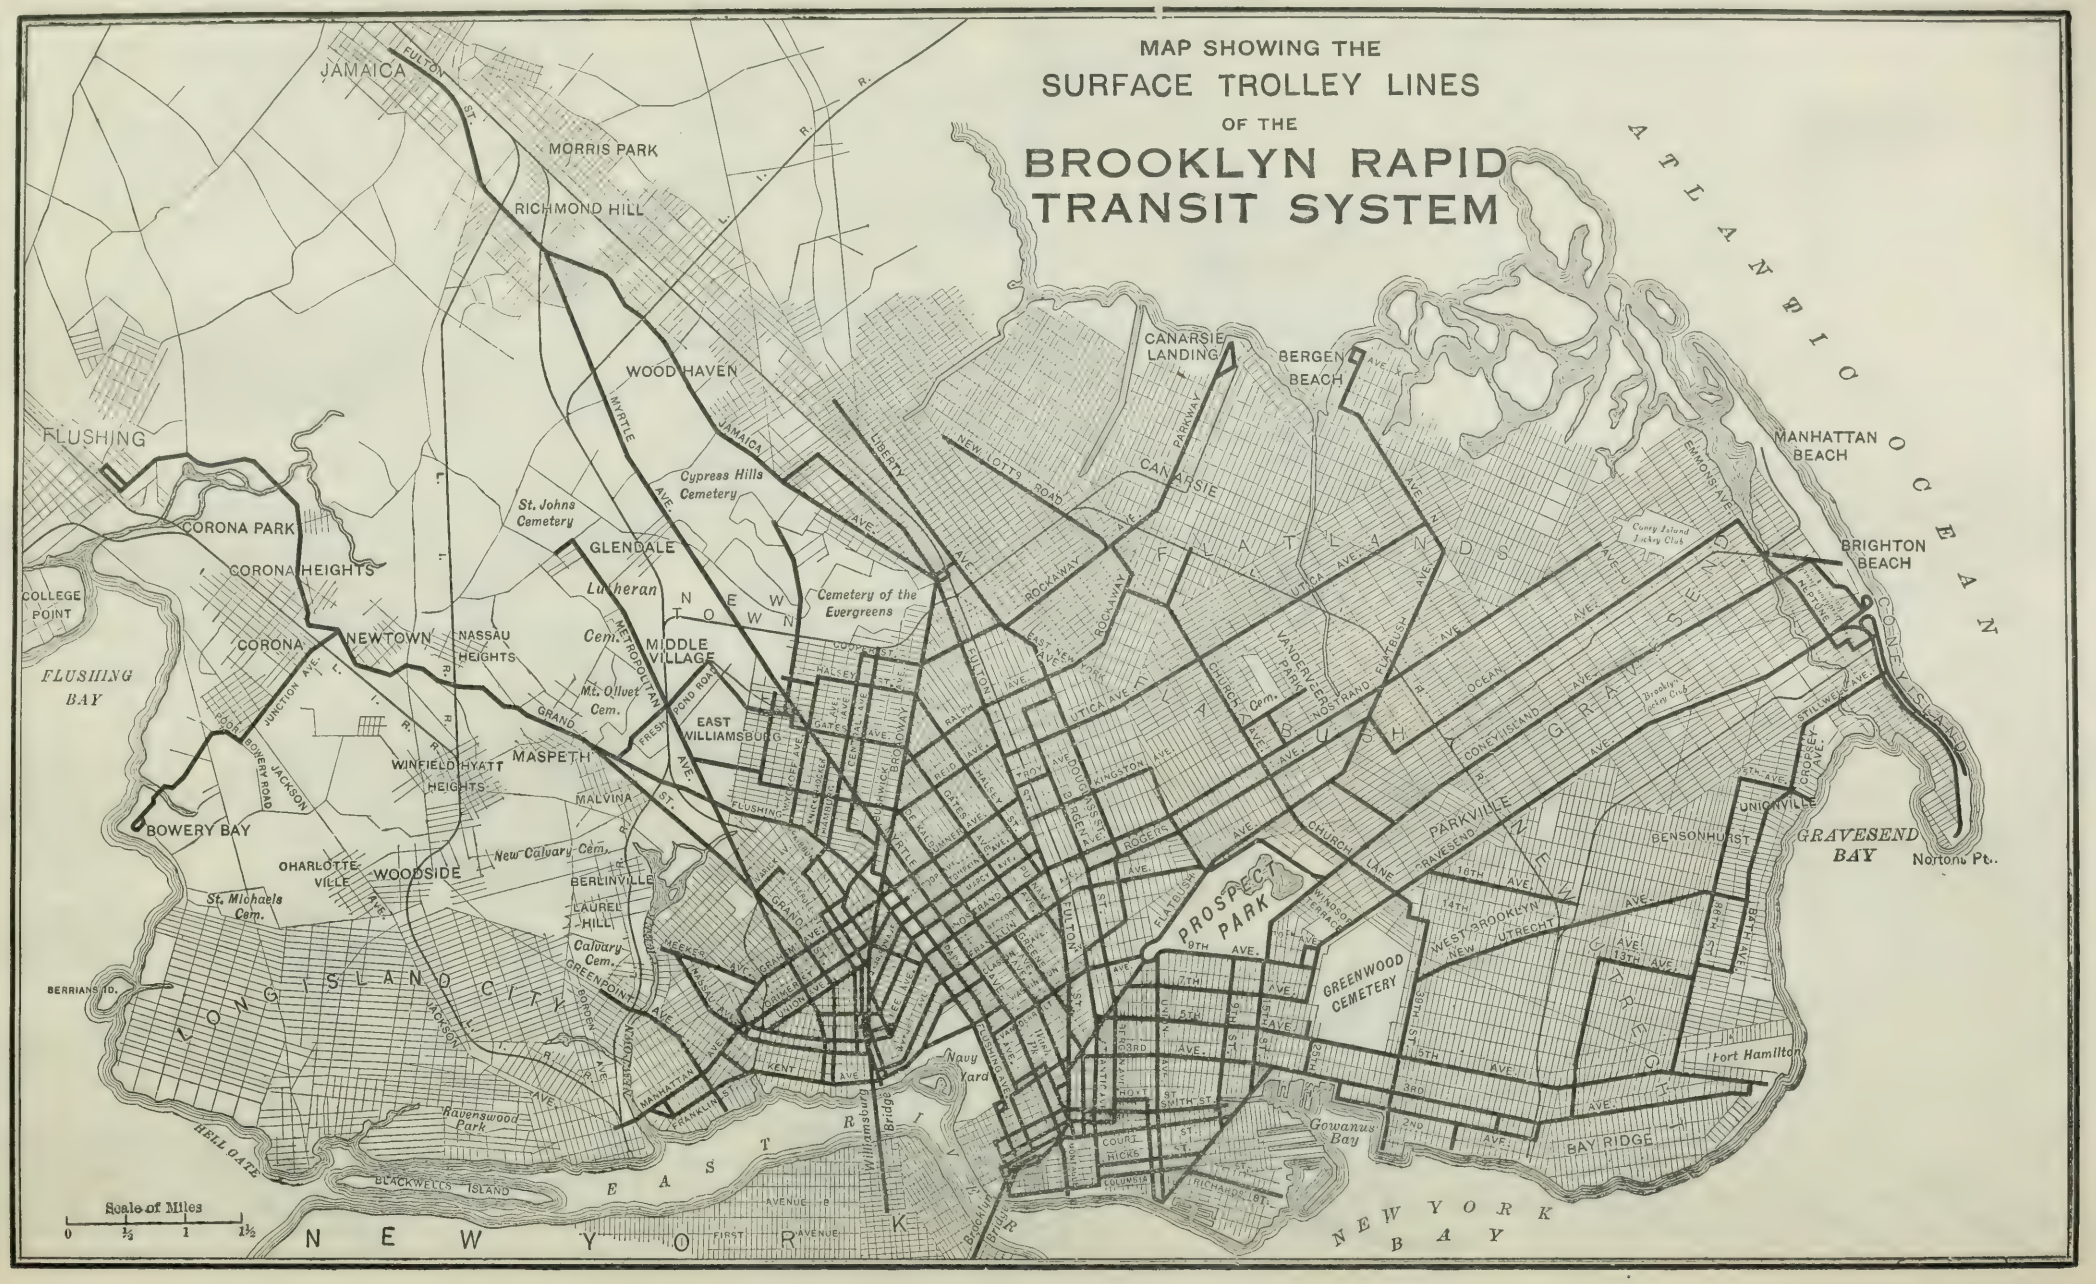
The Brooklyn Heights RR. in April 1899 leased for the period of 999 years the Prospect Park & Coney Island RR., the New York & Coney Island RR. and the Prospect Park & South Brooklyn RR., but the leases of these companies were assigned in March 1907 to South Brooklyn Ry., which had been acquired by purchase in Feb. 1902. V. 74, p. 479. In July 1912, however, the South Brooklyn Ry. acquired 495 out of 500 shares of P. P. & So. Bklyn. stock and 820 out of 1,000 shares of N. Y. & C. I. (V. 95, p. 47), and in Oct. 1915 was auth. to purchase the P. P. & C. I. RR. (V. 101, p. 1464). As of Sept. 16 1916, however, this transaction was still pending. The South Brooklyn Railway owns the double-track road extending from New York Bay, near 38th St., Brooklyn, to 38th St. near 9th Ave., Brooklyn, and in June 1907 increased its stock from $150,000 to $500,000.

Purchase of Coney Island & Brooklyn RR.—In Dec. 1913 the subsidiary Coney Island & Gravesend Ry received permission from the P. S. Comm. to purchase $2,637,000 of the $2,983,900 outstanding stock of the Coney Island & Brooklyn RR. V. 96, p. 1020, 1088; V. 97, p. 1897

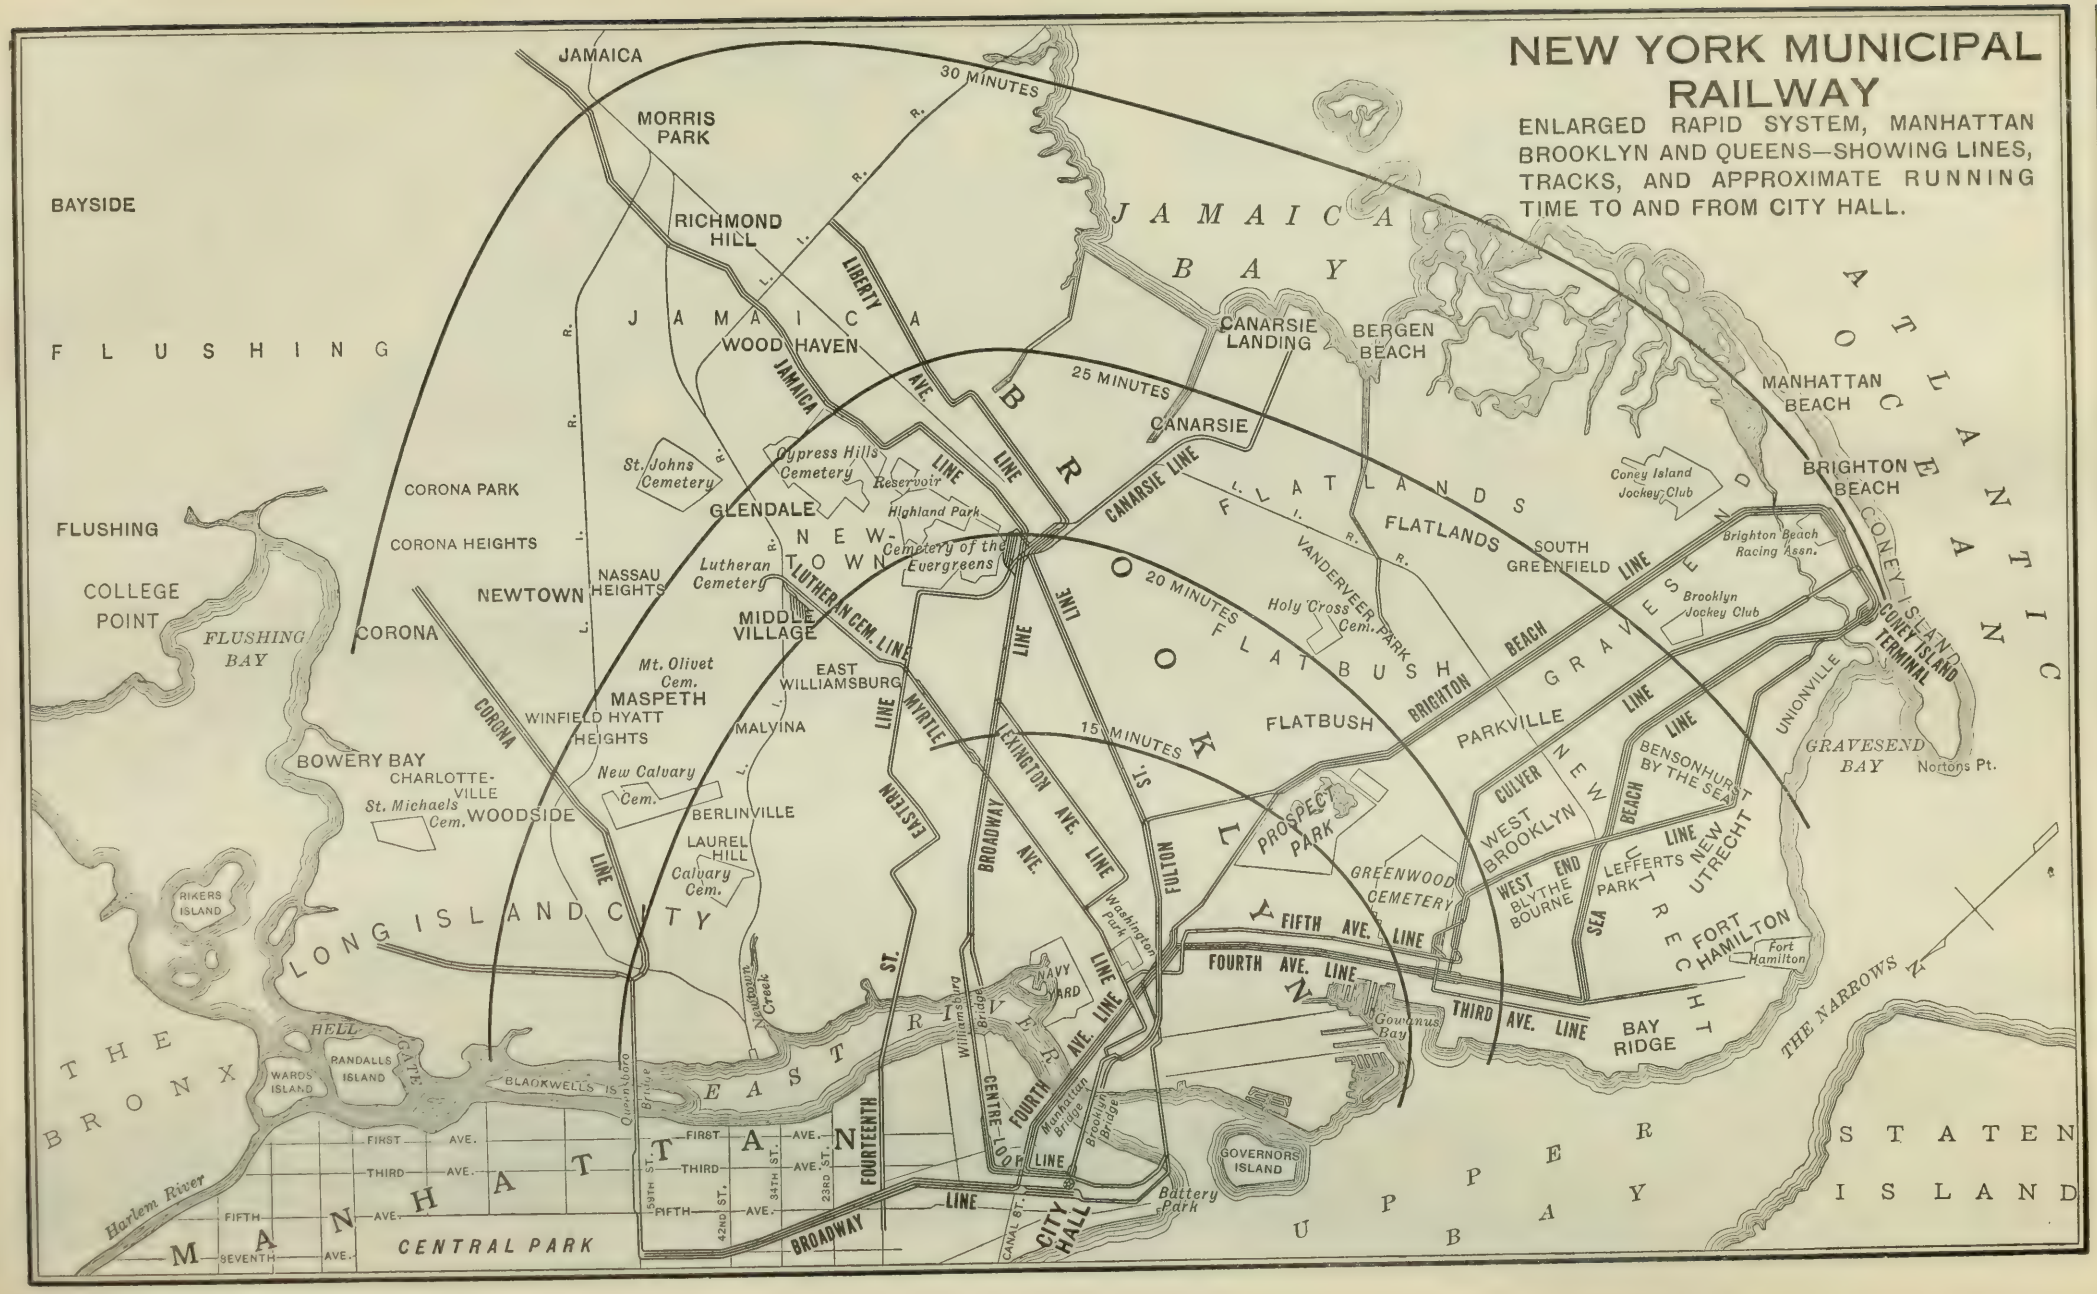
On May 21 1904 the Brooklyn Heights Railroad Co. signed an agreement with the city for operation of trolley cars over the new Williamsburg Bridge. See V. 78, p. 2013, 2386. Surface cars began to cross this Bridge in Nov. 1904. V. 79, p. 2084. Later the Bridge Operating Co. was formed, with $100,000 capital (of which one-half is owned by the New York Rys Company) to operate local service on the bridge. See V. 79, p. 626. Through elevated train service over the Williamsburgh Bridge was inaugurated Sept. 16 1908. On Aug. 31 1915 the contracts between the companies operating over the Williamsburgh Bridge and the city, namely the Brooklyn Heights RR., the Bridge Operating Co., the Coney Island & Brooklyn RR. and the New York Railways, as assignee of the New York City Railways, were terminated by Bridge Comm. Kracke, but operations are being continued at the request of the city under temporary permits pending negotiations for a new contract. On Nov. 15 1912 the Appellate Division of the Supreme Court, First Dept., affirmed the order of the P. S. Commission reducing the fare charged over the Williamsburgh Bridge from 3 to 2 cents, or three tickets for 5 cents. V. 95, p. 1402, 1471.

Decision in Suit Against Brooklyn City RR.—On June 8 1912 the Appellate Div. of N. Y. Supreme Court, 2d Dept., handed down a unanimous decision affirming, to the extent of $1,740,258 principal (with int. from March 3 1910, amounting to $1,616,680; total, $3,356,938), the judgment awarded by the lower Court (V. 90, p. 558; V. 80, p. 1174; V. 70, p. 841) in the suit (begun in April 1900) of Brooklyn Heights RR. against the Brooklyn City RR. to recover moneys which the Heights Co. claimed should have been expended by the lessor in fulfillment of the terms of the lease of Feb. 14 1893, but modified the judgment of the lower Court by excluding interest, leaving the amount of the modified judgment $1,740,258. V. 94, p. 1565, 1625. Both parties to the litigation then appealed to the Court of Appeals. Brooklyn City Ry. in July 1910 reduced its dividend to 2% quar., ½ of 1% being retained quarterly and set aside in a special fund. V. 91, p. 93. Oct. 23 1913 agreement of settlement was executed by the Brooklyn Heights RR. and the Brooklyn City RR. providing for the payment of $1,650,000, of which $900,000 was paid in cash on Nov. 1 1913 and the balance was payable in quarterly installments of $50,000 with int. at 5% (see annual report for year ending June 30 1914 in V. 99, p. 348). Payments, however, were anticipated and the last $200,000 were paid during the 6 months ending Dec. 31 1915. It was expected that the full 10% dividend would be resumed from and after Oct. 1 1917. V. 97, p. 1285

Special Franchise Tax Settlements.—For decision allowing for obsolescence in fixing special franchise tax, see V. 91, p. 1511. For settlement of taxes for years 1907-1912, inclusive, see V. 102, p. 1162.



Universal Transfers.—On Mar. 27 1914 Public Service Commission issued an order providing for a universal system of transfers among surface lines in Brooklyn, and this was accepted by the several operating companies in the Brooklyn Rapid Transit System, and became effective June 1 1914. The new order made a total of 1,008 transfer points, as against 721 before the order became effective. V. 98, p. 911, 1070, 1692.



The *Transit Development Co.* was organized in April 1903 under the Business Corporation Law, with $25,000 capital, and is owned exclusively in the interest of the Brooklyn Rapid Transit Co. It is authorized to manufacture and sell power and to do general contracting work. On March 1 1907 special arrangement was made by which the concern will furnish power and take charge of the maintenance and repair of all the railway properties in the Brooklyn Rapid Transit system, including their equipment. V. 84, p. 569. In June 1907 capital stock was increased to $500,000.

The Transit Development Co. in Dec. 1913 acquired a tract of about 90 acres in the Gravesend section of Coney Island. V. 98, p. 72.

Advertising.—On the expiration of its contract with the Inter-City Car Advertising Co. on April 30 1915, the company decided to handle the advertising, vending and news privileges itself, and on May 21 1915 the Broadway Subway and Home Boroughs Car Advertising Co. was incorporated to carry out the plan. Joseph P. Day is Pres. V. 100, p. 1831

Atlantic Ave. Franchise.—In Feb. 1916 Mayor Mitchel refused to sign the franchise for a line on Atlantic Ave., insisting upon the payment of the franchise tax from which the co. wished to be absolved. Differences also arose over the initial payment and the duration of the franchise. Under its terms the company was to construct and operate a two-track road from

Flatbush Ave. to Shepherd Ave., East New York, about 5 miles, connection to be made with existing tracks at about Atlantic and Fifth Avenues (see V. 101, p. 772). The franchises for the proposed Eighth Ave., Fresh Pond Road and Metropolitan Ave. lines were approved.

Favorable Decision.—On Oct. 2 1915 Supreme Court Justice Erlanger dismissed the city's suit against the Brooklyn Queens County & Suburban RR., seeking to collect $829,578 for the operation of the co.'s lines in Brooklyn and over the Brooklyn and Queensboro bridges, being 5% ($361,753) of the company's earnings during 1901 to 1907, plus a penalty of $467,258, on the ground that the city is not entitled to more than its franchise revenues and bridge tolls.—V. 101, p. 1271. The city has appealed from the decision.

Wage Increase.—For increase in wages effective Sept. 1 1916, affecting 9,216 employees in the transportation department and costing the co. about $650,000 a year, see V. 103, p. 843.

Mortgages of Constituent Companies to Secure Advances by Brooklyn Rapid Transit.—In May 1907 the New York State RR. Comm. consented to the Sea Beach Ry., the Canarsie RR. and the South Brooklyn Ry. making mortgages of $2,000,000, $2,000,000 and $4,000,000, respectively, to secure certificates of indebtedness issued by those companies to the Brooklyn Rapid Transit for moneys advanced for additions, betterments, &c. In June 1907 Brooklyn Union Elevated authorized a mtge. for $20,000,000 and the Nassau Electric for $5,000,000 for same purpose; but in July 1908 Public Service Commission denied application for the approval of these latter two mortgages. See particulars V. 87, p. 224. No bonds will be issued under any of these mtges., which are created simply to secure the certificates of indebtedness as issued from time to time. The certificates cannot be issued at less than par and are deposited under the Brooklyn Rapid Transit first refunding mtge. V. 84, p. 1181, 1246, 1550.

Stock Increase.—On Jan. 3 1913 increased its auth. stock from $45,000,000 to $90,000,000. The new stock was issued from time to time up to July 1 1914, exclusively for the conversion of 4% bonds of 1902. V. 96, p. 61.

Stock.—In the reorganization of the Long Island Traction, the old $30,000,000 stock paid an assessment of $10 per $100 share, the old stock being reduced to $20,000,000, and $7,000,000 of 5% bonds being authorized, against $3 000,000 of Long Island Traction.

Dividends.—First div., 1%, paid April 1 1909; July, 1%; Oct., 1%. In 1910, 4½%; in 1911 and 1912, 5%; in 1913, Jan., 1¼%; Apr., 1¼%; in July increased rate to 1½%; same rate quar. since to and incl. Oct. 1916.

Interest on Bonds, Where Payable.—Interest on the Brooklyn Rapid Transit mortgage of 1902 for $150,000,000 and the two Elevated issues is payable at the Central Trust Co.; on the Brooklyn City RR. refunding bonds at company's office; on the Nassau Electric bonds, including Atlantic Avenue and West End issues, at the Central Tr. Co., N. Y.; on the Brooklyn Queens County & Suburban mortgages and the Jamaica & Brooklyn first mortgage at the Brooklyn Trust Co., Bklyn. On the B. R. T. secured notes of 1912 and on N. Y. Mun. Ry. Corp. 1st M. bonds at Central Trust Co. Int. on all Coney Isl. & Bklyn. bonds is payable at Central Trust Co., N. Y. On Bklyn. Heights RR. 1st M. at Peoples' Trust Co., Bklyn.

Secured Notes.—The notes are secured by pledge of equal amount of 1st M. 5s of the New York Municipal Ry. Corp. and $10,000,000 B. R. T. conv. 4% ref. bonds. Proceeds of notes are deposited as security for notes until expended. The notes were conv., $ for $, into 1st M. 5s of the Municipal Ry. prior to Jan. 1 1916, since which date they are red. at co.'s option at 101 and int. on any int. day on 90 days' notice. $2,265,000 of the notes were converted into N. Y. Municipal Ry. Corp.'s 5% bonds. See V. 94, p. 1964, and V. 101, p. 1188.

Mortgage for $150,000,000.—Stockholders authorized March 20 1902 first refunding 4% gold convertible bonds for $150,000,000. $59,304,000 to retire all the then existing bonds of the system (including the $7,000,000 Br. Rap. Transit 5s), and the rest for improvts., add'ns and acquisitions, as needed from time to time. The mortgage provides that a fund of $5,000,000 in bonds or their proceeds be at all times at the disposal of the company for the purposes mentioned. See V. 74, p. 377. As this fund is reduced for any of the purposes authorized, more bonds may be authenticated by trustee and delivered to the company on its order. These bonds were convertible into stock, par for par, before July 1 1914, and $29,619,000 were so converted. They are subject to call on any interest day until the year 2000 at 110 and interest; after that at par and interest. See listing applications in V. 81, p. 1856, 1857, for list of securities pledged for the bonds; also listing applications in V. 82, p. 517; V. 83, p. 1122; V. 85, p. 1523; V. 86, p. 923; V. 90, p. 786. See also V. 103, p. 843.

Bonds.—Of the $7,000,000 50-year gold 5s of the Brooklyn Rapid Transit, $3,000,000 went to stockholders for assessment. For description of property covered by the mortgage, see V. 62, p. 1138. See also application in V. 67, p. 904.

Brooklyn City RR. mortgage of 1891 is for $6,000,000 and is a first lien on the old Brooklyn City road and a consolidated lien on the lines acquired by consolidation in 1890. Of the $6,000,000 issued, $4,373,000 are in the hands of the public and the balance is held in the guaranty fund.

Stockholders of the Brooklyn City RR. July 10 1906 authorized a new mortgage for $6,925,000 to provide for refunding. V. 82, p. 1437. These bonds are subject to call at 110 and interest.

The total authorized issue of first consolidated mortgage gold 5s of the Brooklyn Queens County & Suburban RR. is $4,500,000, of which $1,616,000 are reserved for extensions, on which they will be a first lien. Of the $2,884,000 outstanding, $2,255,000 in 1898 were endorsed with the guaranty of the Brooklyn Heights RR. Co. as to prin. and interest, and in Jan. 1899 provision was made for guaranteeing the remainder upon the payment of $10 per bond. Both B. Q. C. & S. loans are subject to call in 1916.

The Nassau El. 1st cons. M. bonds are guar. (by end. on each bond) by the Brooklyn Heights RR. Besides covering the mileage directly owned they are a lien by a supplemental agreement upon the stock of the Coney Island & Gravesend Ry. and will become a direct lien on this line should it become merged in the Nassau Electric. Of the total of $15,000,000 bonds authorized, the unissued remainder ($3,492,000) is for prior liens. See listing application in V. 72, p. 342.

Coney Island & Brooklyn Bonds.—Of the $10,000,000 bonds, $4,000,000 are reserved for prior liens and $3,768,000 are reserved for extensions and improvements. No sinking fund, and bonds cannot be called.

COMPANIES CONTROLLED BY BROOKLYN RAPID TRANSIT CO.

(1) New York Consolidated RR.

ORGANIZATION.—Incorp. at Albany on Nov. 30 1912 as a consolidation of the Brooklyn Union Elevated RR., Sea Beach Ry. and Canarsie RR. V. 95, p. 1608. Brooklyn Rapid Transit owns or controls $13,430,831 out of the $13,900,000 common stock and $4,785,985 out of the $5,000,000 preferred stock.

Owns all the outstanding stock of the N. Y. Municipal Ry. Corp. (which holds the contracts made with the City of New York in 1913 for the operation of subways, &c.) and guarantees its bonds, p. & i., jointly with the B. R. T.

Lease.—All rights, &c., of the N. Y. Municipal Ry. Corp. under its contract with the city have been leased and assigned to the New York Consolidated RR. For terms, see statement of N. Y. Municipal Ry. Corp. below.

The New York Consolidated in 1915 leased for 999 years the Nassau Electric RR.'s terminal at Coney Island, the consideration being $247,000, which the New York Municipal Ry. Corp. was authorized to charge against the cost of construction under the dual system contracts. See V.101,p.447. Contract for construction of new terminal was let in March 1916. It is to be completed in 2 years.

Favorable Decision.—In Apr. 1916 Supreme Court Justice Erlanger held that under the contract with the city, dated Mar. 19 1913, the co. was relieved from the obligation of paying tolls for the operation of cars over the Williamsburgh Bridge.

Division of Earnings with City.—As the New York Consolidated holds, under assignment and lease, all the rights acquired by the New York Municipal Ry. Corp. in the latter's contracts with the city, all the earnings will accrue to it. The division of earnings will be on the following basis:

1. To the company, $3,500,000, as representing the net earnings of the existing railroads which are to form part of the new rapid transit system. Out of this reservation the company pays interest charges on capital investments prior to Mar. 19 1913 in the existing railroads.

2. To the company, 6% on its new investment in construction and equipment prior to the beginning of permanent operation and thereafter interest and 1% sinking fund.

3. To the city, interest and 1% sinking fund on its investment in cost of construction.

4. Any surplus remaining, after making provision for a moderate contingent reserve fund, is to be divided equally between the company and the city. The company's preferential payments are to be cumulative.

OFFICERS.—Pres., John H. Hallock; V.-P. & Treas., C. D. Meneely; Sec., J. H. Bennington; Comp., Howard Abel.—V. 95, p. 1207, 1274, 1608; V. 96, p. 360, 653; V. 103, p. 844.

(a) New York Municipal Railway Corporation. (*See Map page* 16.)

ORGANIZATION.—Incorp. in N. Y. on Sept. 27 1912 to operate the enlarged transit system (elevated roads and subways) covered by the agreement between the company and the city, and to construct and own such parts of the system as are scheduled for private rather than public ownership. V. 95, p. 818. The lines to be constructed by the city are to be leased to the company for a period of 49 years from Jan. 1 1917 and are to be operated by the company in connection with the existing railroads of the New York Consolidated RR. Co. (as enlarged and extended) as one system, and for a single fare. The city-constructed lines may be recaptured by the city after 10 years upon payment to the company of a fixed percentage of the latter's investment in construction and equipment (115% at the end of 10 years and a gradually diminishing amount in succeeding years), so that the company will receive an amount which, with the accumulations of its sinking fund, will at least make good its investment.

In March 1913 the P. S. Commission approved a contract with the Brooklyn Heights RR. for the use of the Lutheran Cemetery line. This line was elevated and was placed in operation Feb. 22 1915. V. 100, p. 732.

LEASE TO N. Y. CONSOL. RR.—On Mar. 26 1913 the P. S. Comm. sanctioned the lease and assignment to the N. Y. Consol. RR. of all rights under the contract with the city respecting new rapid transit lines. (See V. 96, p. 360, 947). The company also transferred to the N. Y. Consol. RR. the certificates for extensions and additional tracks, as well as certain real estate in Brooklyn and the above-mentioned contract with the Brooklyn Heights RR. regarding the Lutheran Cemetery line. The lease calls for 6% dividends on the N. Y. Municipal Ry. Corp. stock.

The Municipal Ry. Corp. agrees to furnish all the money necessary to carry out the terms of the dual system contracts and has the option of doing all the construction work and acquiring all the equipment, or of requiring the Consolidated Co. to do so on reasonable notice.

In August 1913 the P. S. Commission granted authority to issue $400,000 additional stock, of which $100,000 was issued in April 1915. Up to Mar. 31 1916 only $200,000 stock out, all owned by New York Consolidated RR.

In March 1916 the co. applied to P. S. Comm. for auth. to issue $697,500 additional stock to reimburse the B. R. T. for commissions and fees for counsel paid out in connection with the dual subway system financing.

(2) Nassau Electric Railroad.—A trolley road.

ORGANIZATION.—Chartered Mar. 13 1893 under the laws of New York. Opened in July 1895 and in April 1896 leased the Atlantic Avenue RR., &c. As stated above, the Rapid Transit Co. owns or controls all of the $8,500,000 common stock of the Nassau Electric and $6,394,375 out of the $6,500,000 preferred stock.

Was formerly leased for 999 years from April 1 1900 to Brooklyn Heights Railroad, but, coincidently with a decision compelling the issuance of transfers from one leased line to another (V. 79, p. 102), the lease was terminated on June 30 1904. For order requiring universal transfers, effective June 1 1914, see "Brooklyn Rapid Transit Co." further above.

CHICAGO SURFACE LINES.

Under the title of Chicago Surface Lines the properties of the Chicago Railways Co. and the Chicago City Railway Co. are now being operated as a single system under the control of a joint board of operation in accordance with an agreement between the two companies and the unification ordinance which became effective Feb. 1 1914. While under the terms of this ordinance and the agreement the ownership of the properties remains entirely separate and distinct, the combined earnings are divided upon an agreed basis. For the two years ending Jan. 31 1916 the Chicago Railways Co. received as its share 59% of the income remaining after the payment of all operating expenses, including taxes and maintenance, the other 41% of the income going to the Chicago City Ry. Co., including the Calumet & South Chicago Ry. and the Southern Street Ry., and, beginning with Feb. 1 1916 and until the expiration of its franchise in 1927, the Chicago Railways Co. will receive 60% of the so-called "residue receipts," and the Chicago City Ry. (including the Calumet & South Chicago and the Southern Street Ry.), 40%. The plan provides for a 5-cent fare throughout the city on surface lines, also through routing of cars from one division of the city to another. See details of the ordinance and the agreement for unified operations under date of Dec. 1 1913 in V. 98, p. 1693. An order permitting the State Attorney to file quo warranto proceedings to question the legality of unification ordinance was denied in March 1915. V. 100, p. 1078.

Proposition to Unite Surface and Elevated Lines.—See remarks under Chicago Elevated Railways.

Strike and Wage Agreement.—A strike for higher wages and other concessions which tied up the surface and elevated lines of the city for a little over two days was called off June 16 1915, the men agreeing to submit all differences to a board of arbitration of three members, Mayor Thompson being chosen the third arbitrator. The board awarded increases benefiting all employees of the surface lines, about 14,000 in number, including 9,000 trainman who received an advance of 3 cts. an hour for the first year and 4 cts. an hour for the second year's service. The maximum wage was increased from 32 cts. to 35 cts. an hour. The changes were effective as of June 1 1915 (V. 101, p. 212). The Elevated Co. later executed a new wage agreement, granting substantial increases in pay, which was approved by referendum of the employees, on practically the same basis as that of the surface lines arbitration agreement.

(1) Chicago City Railway.—An electric road.

Unified Operation of Surface Lines.—See "Chicago Surface Lines" for details of unification ordinance under which the lines of this company are operated jointly with those of the Chicago Railways Co. as a single system under the control of a joint Board of Operation.

ORGANIZATION.—Incorporated in Feb. 1859, and has extensive surface road privileges in the south division of Chicago. In June 1908 entered into a contract with the Commonwealth-Edison Co., by which the Chicago City Ry. agrees to buy all of its electric power from that company until June 1918. The railway has abandoned its producing plants but retains its distributing plants. V. 87, p. 1010.

New Ordinances and Franchises.—On Feb. 4 1907 the City Council passed ordinances providing for a settlement of the franchise question. These ordinances were approved at the city election on April 2 1907 and formally accepted by the company's board of directors on April 15 1907. Suit to set aside franchise was dismissed in April 1912. V. 94, p. 1118. An extended outline of these ordinances, one to the Chicago City Railway Co., and covering the lines operated by that company, and the other to the Chicago Rys. Co., and covering the lines of the former Chicago Union Traction Co. (now the Chicago Railways Co.), was given in V. 84, p. 1123. The value of the tangible and intangible property of the Chicago City Ry. at date of the ordinances was fixed at $21,000,000. The city or any company authorized by it is given the right on Feb. 1 or Aug. 1 of any year, on six months' notice, to purchase the entire property of the two systems, or either of them, at their value at date of ordinance, plus "the cost of rehabilitation and extensions, including fair allowances for construction, profit and brokerage". But if the properties are acquired for operation by a private corporation, for its own profit, the purchase price is to be increased 20%—barring the case of a private company which might be willing to turn over to the city all profits above 5% on the cost of the investment. The companies are limited during their operation to an interest return of 5% upon the agreed value plus the cost of rehabilitation and extensions. All net profits above this are to be divided on the basis of 55% to the city and 45% to the companies, but a deficit in any year is to be made good out of the profits of subsequent years. After April 15 1910 the companies are required to set aside 6% of the gross receipts for maintenance and repairs and an additional 8% of the gross receipts to cover renewals and depreciation. Whatever portion of the two funds is not used remains in the funds and passes to the city or its licensee upon purchase. But if the two funds are not sufficient for the purposes named, the companies are obligated to supply additional funds. The franchises granted by the ordinances run until Feb. 1 1927. Purchase price of the property Jan. 31 1916, $50,616,415.

On Jan. 29 1912 City Council passed an ordinance providing for the acquisition by Chicago City Ry. of city lines of the Chicago & Southern Trac. Co. V. 94, p. 349, 629. The latter was sold at foreclosure in Feb. 1912. The lines outside the city were taken over by the Chic. & Interurban Ry.

Unified Operation of Surface Lines.—See "Chicago Surface Lines" for details of Unification Ordinance of 1914, under which the lines of this company are operated jointly with those of the Chicago City Ry. as a single system under the control of a joint board of operation.

ORGANIZATION.—Incorp. in Illinois in Oct. 1903 and on Jan. 25 1908 acquired at foreclosure sale the property of the old Chicago Union Traction, comprising the lines of the North and West Chicago Street RR. The purchase was made under a modified plan of reorganization and readjustment dated Oct. 15 1907 and outlined in V. 85, p. 1269; see also p. 1576.

In Dec. 1912 purchased 6 miles of the Suburban RR. inside the city limits (V. 95, p. 1402) and issued $22,554 bonds to cover cost.

Franchises.—On Feb. 5 1907 the City Council passed ordinances providing for a settlement of the relations between the city and the street railway companies. V. 84, p. 338, 390. The *franchises* granted by the ordinances expire Feb. 11 1927 and were approved at the popular election held April 2 1907. On Oct. 10 1910 supplemental ordinance was passed expiring Feb. 1927, covering lines of Chicago Consol. Trac. properties. V. 91, p. 1025.

In the remarks concerning the Chicago City Ry. on a preceding page of this publication will be found a brief summary of the main terms, requirements and conditions of these ordinances. A very extended outline of the same was printed in the "Chronicle" of May 11 1907, pages 1123, 1124 and 1125, to which the reader is referred for detailed information.

The ordinance for the Chicago Rys. Co. provides that the valuation of the properties acquired shall be deemed and considered to be $29,000,000 (the value fixed by a board of expert engineers acting for the city) plus $1,779,875 for expenditures from the date of the valuation on June 30 1906 to Feb. 1 1907, making total valuation of properties as recognized by ordinance $30,779,875 as of Feb. 1 1907. With the expenditures already made, the valuation of road, equipment and franchises on Feb. 1 1916 was computed at $85,626,674.

All expenditures for reconstruction and extensions are being made under the direct supervision of a board of supervising engineers headed by Mr. Bion J. Arnold, and the company is required, under conservative restrictions, to advance moneys for the construction of subways by the city. The expenditures for reconstruction and extensions, including any contributions for subways, after Feb. 1 1907 are to be added to the value of the properties recognized by the ordinance, together with 5% of such expenditures for brokerage. As compensation for its services in construction the company will receive an additional 15% of all expenditures for reconstruction and extensions, exclusive of amounts contributed for subways. The company agreed to lower and reconstruct the tunnels under the Chicago River at Washington, La Salle and Van Buren streets.

Right to Purchase by City.—Under the terms of the franchise, the company agreed to waive all rights under previous grants, and gave the city an option to purchase all of its property for municipal operation at any time prior to the expiration of the 20-year franchise granted the company by the ordinance. The price to be paid by the city to be $30,779,875, the valuation of the properties February 1 1907, as above mentioned, plus all expenditures after that date for reconstruction, extensions and additions to the properties, including any amounts advanced to the city for the construction of subways in the downtown business district. In case the property shall not be purchased, as above stated, prior to 1927, the expiration of the franchise, the city covenants that it will not then grant a franchise to any other corporation for the operation of a competing system in the company's territory unless such other corporation shall purchase the property of the company at said price. The city also has the option of requiring the company to sell its property to any other licensee corporation of the city, or of purchasing the property itself for municipal ownership (with no requirement as to municipal operation), at any time during the life of the franchise; but in case of such purchase by the city or a licensee, the price to be paid shall be 20% more than the price above mentioned; but the licensee shall not be required to pay the additional 20% if it shall agree to pay over to the city all profits in excess of 5% on the investment In any event, (1) the purchase price must be paid in cash and the first mortgage bonds of the company will attach to such cash as a first lien in the event of such purchase; or (2) such purchase (if made within said 20 years), must be consummated expressly subject to the lien of the 1st mtge. bonds, but if made at the expiration of said 20 years, the amount thereof must also be paid in cash.

Compensation to City.—Provision is made for special compensation to the City of Chicago, but this compensation is payable only out of the surplus earnings of the company after paying or providing for all operating expenses, including the charges for maintenance and depreciation prescribed in the ordinance and 5% upon the valuation of the company's property at which it may be purchased by the city for municipal operation, as above stated. Of the surplus earnings so remaining, the City of Chicago receives 55% and the company 45%. (See V. 99, p. 1831 for dispute with city as to certain accounts).

Control by Trustees.—The trust indenture securing the participation certificates provides that until Aug. 1 1912 and to the full extent thereafter which may be permitted by law until all of the consolidated mortgage bonds of the company shall be fully paid and discharged, the directors of the company shall be elected by Messrs. A. C. Bartlett, Chauncey Keep, Charles H. Hulburd, Albert A. Sprague and Charles G. Dawes of Chicago, and provision is made in the trust deed securing the 1st mtge. bonds for the appointment of a permanent finance committee, composed of Messrs. Henry A. Blair, Seymour Morris and B. A. Eckhart of Chicago.

Acquisition of Chicago Consolidated Traction Properties.—On Dec. 27 1910 Judge Grosscup confirmed the sale of the Chic. Consol. Trac. Co. and its eight underlying companies on Nov. 30 1910 to Andrew Cooke and the sale by the latter of all properties *within* the city limits to the Chicago Railways Co. (V. 91, p. 945, 1253, 1511), pursuant to an ordinance passed Oct. 10 1910 (placing valuation at $4,021,982), like in tenor, amendatory and supplemental to ordinance of Feb. 11 1907 (V. 91, p. 1025, 1159) See reorganization plan, V. 90, p. 1613; V. 91, p. 37. The lines *outside* the city were acquired by the County Traction Co. (now the Chicago & West Towns Ry.), which has no connection with the Chicago Railways Co. On Nov. 1 1910 a deposit agreement was entered into by the holders of the securities of the Chicago Consolidated Traction and its sub sidiaries, providing for the exchange of the said securities for Chicago Rys. Co. Purchase Money 4% to 5% bonds and Adjustment Income 4% bonds, both dated

Jan. 1 1911 and maturing Feb. 1 1927. For description of bonds and terms or exchange, see V. 91, p. 1384, and compare V. 90, p. 1613; V. 91, p. 214.

Strike and Wage Agreement.—See "Chicago Surface Lines."

Favorable Decision.—In Oct. 1912 the U. S. Circuit Court of Appeals affirmed the decision of Judge Kohlsaat, dismissing the suit brought to have the compromise franchise of 1907 annulled. V. 95, p. 1206.

Settlement of Yerkes Suit.—In April 1914 the company arranged a settlement of the suit brought by the Yerkes estate on the guaranty of the bonds of the Chic. Consol. Trac. Co. by the Union Trac. Co. V. 98, p. 1155.

In June 1915 the P. U. Comm. granted permission to issue $2,726,000 additional 1st M. bonds, of which $1,500,000 have been issued.

CHICAGO ELEVATED RAILWAYS.—(*See Map on page* 29.)—A voluntary association similar to Massachusetts Electric Companies.

Unification of Surface and Elevated Lines and Construction of Subways.—Efforts have been made from time to time to bring about the merger, or unified operation, of the elevated and surface traction lines and for the construction of a subway to relieve the congestion of these lines in the loop district, but so far without avail (V. 96, p. 651, 1364). Such plans, however, are still under consideration, and pursuant to an ordinance passed by the Chicago City Council on Jan. 31 1916 a commission of engineers has been appointed, consisting of William Barclay Parsons of N. Y., Bion J. Arnold of Chicago and Robert Ridgway of New York, to investigate and report upon the transportation problem of the city.

Following the breaking off of negotiations by the City Council in April 1913 for a general merger of surface and elevated roads, the company expressed its willingness to through-route north and south elevated trains, using the Loop for that purpose, and to establish free transfer stations between said trains and trains of Metropolitan and Oak Park companies. See V. 96, p. 1364, 1627. On July 28 1913 City Council passed an ordinance to that effect, and at midnight Nov. 2 1913 the plan became operative.

As the project for uniting under one control the elevated railway and surface roads of Chicago was not carried out by July 1 1914, the Commonwealth Edison Co. purchased from the syndicate which underwrote the pref. shares approximately 200,000 shares of Chic. El. com. stk. for about $6,000,000 in accordance with the terms of an agreement said to have been entered into in 1911.

As to valuations by city's and company's experts, see V. 94, p. 1507.

ORGANIZATION.—Organized in 1911 to acquire stocks, bonds and other securities of the Metropolitan West Side Elev. RR., Northwestern Elev. RR. and the South Side Elev. RR. ($21,202,312 being offered for the $36,294,900 stock of these companies); also, if it so elects, the stocks of the Union Consol. Elev. Ry., Chicago & Oak Park Elev. *Ry.*, Chicago & Oak Park Elev. *RR.* and Chicago & Elmhurst Ry., which companies are controlled by the afore-mentioned companies. These roads operate about 189.54 miles of track. The physical properties were valued at about $90,000,000, exclusive of franchise valuations, or $84,386,294, excluding the Chic. & Oak Park El. RR.; the mortgage debt preceding the $14,000,000 2-year 5% secured notes and $7,000,000 10-year 6% debentures aggregates $40,470,000, leaving an equity of $43,916,294.

Stockholders of the Metrop. West Side Elev. RR., Northwestern Elev. RR. and South Side Elev. RR. were given the option of two offers for depositing their stocks; one to receive full cash for their holdings, and the other to receive part cash and part stock of the Chicago Elev. Rys. See offers in V. 92, p. 1498. All the stocks have been turned in, a small remnant of Northwest. L pref. being bought in Aug. 1913. V. 97, p. 728. In July 1914 the National City Bank offered the $14,000,000 gold notes (V. 98, p. 1992), the proceeds of which, together with the sale of $7,000,000 10-yr. 6% debentures and $12,500,000 bonds of the Northwestern Elev. RR. were used to retire the $30,000,000 3-yr. notes which matured July 1 1914, and to provide working capital.

Suit against Controlled Companies.—On June 16 1913 State Attorney Hoyne filed quo warranto proceedings in the State Circuit Court against the Met. West Side, South Side and Union elevated railroad cos., claiming that they violated their State charter by issuing watered stock. V. 97, p. 1772. On Nov. 17 1913 Judge Scanlan in the Circuit Court dismissed the proceedings because of a technical defect in failing to charge fraud in the issuance of the alleged "watered stock." An appeal was allowed direct to the Supreme Court. V. 97, p. 1425. On Apr. 24 1914 the Supreme Court affirmed the decision of Judge Scanlon of the Circuit Court and dismissed the suit against the elevated roads.

Strike and Wage Agreement.—See remarks under "Chicago Surface Lines."

Stock.—Com. and pref. shares expressed at par value of $100 each. The pref. stock is redeemable at $100 and accrued dividends.

Notes.—Pending the formation of a concrete plan for the unification of surface and elevated lines and appropriate municipal action in the matter, the holders of a large percentage of the $14,000,000 5% notes due July 1 1916 consented to extending same to July 1 1919 at 6% int., with a cash payment of $15 in respect of each $1,000 of extended notes. In addition, the value of the security for the notes was materially increased and an agreement made with the Commonwealth Edison Co. whereby all claims for power supplied to the railroad cos. after June 30 1916 and until maturity of the extended notes will be assigned to a trustee and will be paid only if and as other floating debt of subsidiary cos. (except capital debt) is not increased. In case other collateral securities pledged for the extended notes shall upon sale prove insufficient to pay such extended notes in full, the said power claims then unpaid will be placed on a parity with the extended notes. No provision was made for the payment of unextended notes. V. 102, p. 2341; V. 103, p. 578. The notes are now secured by pledge of substantially all of the stock of the Northwestern Elev. Ry., the Metrop. West Side Elev. Ry. and the South Side Elev. RR., having a total par value of $36,291,000, and notes and claims against these cos. aggregating approximately $2,070,000. Red. at par and int. on any int. date on 30 days notice. Int. payable in N. Y. or Chicago.

Deb. notes are red., all or any part, when drawn by lot at par & int. on any int. date up to and incl. July 1 1919, after that at 102½ on 4 week's notice. V. 99, p. 195. The equip. trust as above is joint obligation of the Metrop., Northwestern and South Side Elev. cos. and not of the Chicago Elevated Rys. The Series "A" certificates are due in semi-annual installments from Feb. 1 1917 to Aug. 1 1926, $102,000 each Feb. 1 and $103,000 each Aug. 1. They are guar. by end. on each certif. by the Met. Wist Side Eleve., Northwestern Elev. and the South Side Elev. V. 100, p. 53. Series "B" mature $110,000 semi-annually from Feb. 1 1927 to Feb. 1 1929.

(a) Cincinnati Street Railway.—Electric.

Was leased on Feb. 21 1901 to the Cincinnati Traction Co. for the unexpired term of the franchise granted by the City of Cincinnati on Aug. 13 1896, and all successive renewals and extensions of the same. The rental is intended to provide dividends of 5¼% for the first year, 5½% for the second, 5¾% for the third and 6% for the fourth year and thereafter. V. 72, p. 136. *Franchises*, it is claimed by company, mature April 22 1946.

Favorable Tax Decision.—In June 1915 the U. S. Circuit Court of Appeals at Cincinnati, reversing the lower court, held that the Government was obliged to return to the Cincinnati Street Ry., Dayton & Western Trac. Co., Columbus Newark & Zanesville Elec. Ry., Ft. Wayne Van Wert & Lima Trac. Co. and Indiana Columbus & Eastern Trac. Co. about $100,000 collected from these companies under the old Federal corporation tax law. The question at issue was whether these companies carried on business within the meaning of the law, having leased their properties to other corporations, and the only business done by them being to collect and pay out the rentals under the leases. The Court held that they transacted business only incidentally to that of the lessor companies. V. 101, p. 212.

Valuation.—See Cincinnati Trac. Co. above and in V. 103, p. 578.

CLEVELAND, OHIO.

CLEVELAND RAILWAY CO.

The receivers of the *Municipal Traction Co.* having been discharged and the debts of that company provided for, the Cleveland Ry. Co. on Mar. 1 1910 resumed possession of its lines under ordinance (see below) of Dec. 1909. V. 90, p. 626. The lease to *Municipal Traction Co.* was canceled of record.

Franchise Ordinance.—A new franchise ordinance (V. 89, p. 1667) was passed in Dec. 1909 by the City Council, and accepted by the railway co., based upon the valuation of the co's property as fixed by Judge Taylor. The ordinance grants franchises to operate on existing roads to May 1 1934, subject to the right of the city to purchase the property. In case of purchase the city must pay the capital value of said property, as fixed by Sec. 16, plus at the same time 10% of so much of the capital value as is represented by capital stock, assuming and agreeing to pay, in addition thereto, all the obligations, indebtedness and liabilities of the co., and all liens other than bonded debt upon its property then existing, which bonded debt the city shall provide for by assumption, by payment or by taking the property subject thereto, as may be provided by law at the time. On and after Jan. 1 1918 the city may designate a purchaser or licensee in place of the city on payment of same amount. On Feb. 17 1910 at a referendum election the electors ratified the ordinance (V. 89, p. 1667; V. 90, p. 167, 502). On July 10 1911 City Council passed an ordinance amending that of Dec. 1909 providing, among other things, for additions to capital as required and particularly for the immediate expenditure of $2,500,000 for impts., extens. and equipt. The ordinance also provided that the right of the city to propose exten., betterm'ts or impts. shall terminate whenever the unexpired term or any renewal thereof is less than 15 years, and also that during such period the company may operate at the maximum rate of fare and fix the schedules subject to the police power of the city. Provision is also made for the use of surplus earnings during this 15-yr. period, either in the payment of floating debt or the creation of a s. f. to purchase securities and reduce capital value. At a referendum election on Nov. 7 1911, the electors ratified the ordinance amending that of Dec. 1909.

In April 1915 secured a new franchise from the city of Lakewood, expiring May 1 1934, which provides for a 3-cent fare within city limits and a 5-cent fare to Cleveland, and gives the city of Lakewood the right to purchase the company's lines within the city, subject, however, to the option of the city of Cleveland to purchase the entire property of the company.

Valuation.—Judge Tayler placed the value of the physical property of the Cleveland Elec. Ry. Co. at $17,511,856 and the franchise value at $3,615,844; total, $21,127,700; agreed value of property purchased from Forest City Ry. Co., $1,805,600; total valuation, $22,933,300. To this is added $1,158,300 interest or rental accrued, making the entire "capital value" $24,091,600. The bonded debt of $8,128,000 and floating indebtedness as of Jan. 1 1908, $1,288,000, or $9,416,000 in all, is deducted, leaving $14,675,600. The valuation is to be increased for the purpose of fixing the price at which the city or its nominee may purchase the property by the amount of future requirements, including cost of new pay-as-you-enter cars and 75% of the cost of remodeling old cars as pay-as-you-enter cars.

Fares.—Under the ordinance, fare to East Cleveland is same as city fare. Fare to other suburbs 5c. or 11 tickets for 50c., according to contracts. The company's schedules and routes are subject to the supervision of the city and the rates of fare to be fixed so as to net a return of interest as stated above on the capital value of the property and permit of the maintenance at all times of a so-called interest fund of at least $500,000. V. 89, p. 1667. When this amount falls to $300,000 this shall be prima facie evidence of the necessity of raising the fare to the next higher rate. An experimental fare of 3c., with 1c. extra for transfers without rebate, was tried to see if it would yield the auth. int. on capital val.—5% on bonds, 6% on floating debt and capital stock. On June 1 1911 authorities ordered the fare reduced to 3c. cash fare, 1c. extra for transfer, but the latter to be rebated when taken up. V. 92, p. 1498; V. 93, p. 1190. On Sept. 1 1914, however, the one-cent charge for transfers with no rebate on surrender was restored, as the interest fund had fallen below the $300,000 mark. V. 99, p. 608, 342.

On Dec. 14 1912 the Council of Cleveland passed an ordinance giving the company the right to transport freight within the city limits in interurban cars and to charge the interurban companies 25c. per car mile.

ORGANIZATION.—In 1908 changed name from the Cleveland Electric Railway Co. (which had in 1903 taken over the Cleveland City Ry.) to Cleveland Railway Co., and authorized new stock to the amount of $35,000,000. The old stock of Cleveland Electric Ry. was given a valuation of $55 per share, or $12,870,000 (having formerly been $23,400,000) and was paid for in new stock issued by Cleveland Railway at par ($100 valuation. The Forest City Ry. (which had first absorbed the Low Fare Ry.) was purchased for $1,805,600 stock of Cleveland Ry., the shares of the Forest City Ry. being accepted at their par ($100) value.

Early in 1912 made a contract with the Cleveland Electric Illuminating Co. for the purchase of power.

In Feb. 1912 entered into an agreement with the North Randall Ry. to operate cars over an electric railroad built by that company from the Broadway line on Miles Ave. to the North Randall race-track and fair grounds, 3½ miles. The road was placed in operation July 29 1912. The North Randall Ry. guarantees the co. against loss. After payment of all exps., incl. int., the surplus earnings are to be equally divided between the two cos.

Purchase by City Defeated.—At the election held Nov. 2 1915 the voters rejected the ordinance authorizing the city to purchase the property, issue and sell bonds and pass a franchise as security therefor. V. 101, p. 1552.

(5) Cincinnati Dayton & Toledo Traction Co.—Trolley road
Leased to the Ohio Electric Ry. Co.; see terms below

ORGANIZATION.—Incorporated in Ohio on May 19 1902, and is a consolidation of the Southern Ohio Traction Co., the Cincinnati & Northwestern Ry., the Miamisburg & Germantown Traction Co. and the Hamilton & Lindenwald Elec. Trans. Co. V. 74, p. 884, 1037. *Franchises* are for 25 to 50 years.

Lease.—Was leased to the Cincinnati Northern Traction Co. May 1 1905 for length of franchise and renewals thereof. Lease transferred to Ohio Electric Ry. Co. Feb. 1 1908. After the Ohio floods in 1913 lease was on June 23 1913, by agreement with Ohio Electric Ry., modified (see V. 96, p. 1556, 1839) to provide for payments as follows: (*a*) June 24 1913, $92,000; (*b*) for years ending June 30, respectively; 1913-14, $266,500; 1914-15, $266,500; 1915-16, $276,500; 1916-17, $286,500; 1917-18, $296,500; 1918-19, $306,500; 1919-20, $316,500; 1920-21, $326,500; 1921-22, $346,500; 1922-23 and thereafter, $366,500 yearly. Divs. on any pref. stock that may be issued beyond the $250,000 outstanding at time of agreement are to be in addition to these payments. Lessee also pays $1,000 per annum for lessor's organization expenses and another $1,000 per annum to be invested by lessor to meet future expenses. See remarks below.

Under modified agreement of lease of June 23 1913, outstanding common stock was reduced in Nov. 1914 from $5,000,000 to $2,000,000—the Ohio Elec. Ry. surrendering the $1,000,000 held by it and the other shares being exchanged two for one. V. 99, p. 1597.

Rental and Interest Defaulted.—The Ohio Electric Ry. having been unable to meet the installment of rental due Dec. 24 1915 under the lease, the int. due Jan. 1 1916 on the $2,700,000 C. D. & T. 1st cons. 5s, $250,000 Dayton Trac. 1st 5s and $400,000 Cin. & Ham. Elec. 1st 6s was defaulted (V. 102, p. 152). Subsequently the committee for the C. D. & T. 1st cons. 5s entered into an agreement by which the Ohio Electric Ry. paid into a trust fund sufficient cash to pay the int. due Jan. 1 1916 on the Dayton Trac. 5s and the Cin. & Ham. Elec. 6s, and the accrued int. on all underlying bonds up to Feb. 1 1916. The Ohio Elec. Ry. also agreed to deposit monthly, beginning Feb. 1 1916, the earns. of the C. D. & T. less oper. exps., making no charge for management. As part of this arrangement the directors of the C. D. & T. agreed not to take any action toward annulling the lease for at least 6 mos. V. 102, p. 800. The Ohio Electric Ry. Co. is seeking an arrangement by which the rental would be reduced.

Receivership.—On July 1 1916 former Judge Benton S. Oppenheimer was appointed receiver to collect the rentals payable by the Ohio Elec. Ry. V. 103, p. 406.

Committee for C. D. & T. 1st Cons. 5s.—Leo J. Van Lahr, James M. Hutton, Claude Ashbrook, Edgar Friedlander and Otto Armleder. Depositary, Provident Sav. Bank & Trust Co., Cincinnati. For statement by committee, see V. 102, p. 436. See also V. 102, p. 800.

COVINGTON, KY.

CINCINNATI NEWPORT & COVINGTON LIGHT & TRACTION CO.—A trolley road.

ORGANIZATION.—Incorporated under the laws of New Jersey on March 11 1902 and purchased all the stock of the Union Light, Heat & Power Co. of Covington and of the Cincinnati Newport & Covington *Railway*. V. 74, p. 576. The latter was organized in 1892 to buy up and consolidate all the roads on the Kentucky side of the river opposite Cincinnati.

Lease.—The Union Lt., Ht. & Power Co. and the Cinc. Newp. & Cov. Ry. (both controlled through stock ownership by the Cinc. Newp. & Cov. Lt. & Tr.) were leased from Apr. 1 1907 to Columbia Gas & Electric Co. (incorporated in Ohio) for 45 years. The lessee guarantees interest on bonds and 4½% per annum on preferred stock. On common, dividends are to be 3% for first year, increasing ½% each year until 6% is reached, which is to be the rate thereafter. See V. 84, p. 449, 930; also terms in V. 84, p. 1489, under Columbia Gas & Electric. Under agreement ratified in July 1915 for refunding of Union Lt., Ht. & P. Co.'s 4% bonds, the exts. and add'ns to that company's property are to be paid for by the issue of new 50-year 5% bonds (see below) instead of by sale of stock of the Cincinnati company as provided under the old agreement. V. 101, p. 694.

The controlled Cincinnati Covington & Erlanger St. Ry., which was incorp. Sept. 1899 with $250,000 stock (shares $50), to build an extension to Erlanger, 7¾ miles (about 3 miles completed) has also been leased to the Columbia Gas & Electric.

On June 25 1914 company auth. $200,000 1st M. bonds to cover cost of the 11th St. bridge between Covington and Newport, which was completed April 1 1915.

Franchise Decisions.—On Oct. 19 1914 and Nov. 17 1915 Judge Cochran in the U. S. District Court held that the franchise granted by the City of Covington in 1882 to the South Covington & Cincinnati Street Ry. was in effect perpetual. See V. 99, p. 1214. On Jan. 5 1915 the U. S. Supreme Court declared void, as an unlawful interference with interstate commerce, the section of the Covington street railway ordinance relating to overcrowding. See details in V. 100, p. 139. At a special election held March 9 1915 the voters of Cincinnati rejected by a majority of 8,903 out of a total vote of 56,423 the new 25-year franchise granted by the Cincinnati City Council on Jan. 9 1915. In July 1916 the city of Newport granted a new 20-year franchise which will be submitted to the people at the election in November 1916.

Refunding.—On July 28 1915 the shareholders approved the plan for refunding the Union Lt., Ht. & Pow. Co. 4% bonds due May 1 1918 ($1,608,000 outstanding) at or before maturity by a new issue of $5,000,000 50-yr. 5% bonds, as proposed by the Columbia Gas & Electric Co. The new bonds will be used to take up the present issue and such additional amounts will be put out each year as are necessary to pay for extensions and additions. The Columbia Gas & El. Co. guarantees a sink. fd. to retire all bonds at or before maturity. V. 101, p. 694. As of Sept. 1 1916, $200,600 of the new bonds had been issued.

DALLAS, TEXAS.

DALLAS ELECTRIC COMPANY.—Trolley.

ORGANIZATION.—The Dallas Electric Co. was incorp. in Maine on May 3 1913 with $7,000,000 auth. com. stock, as a re-incorporation of Dallas Electric Corporation (incorp. in New Jersey in 1902). V. 96, p. 1422.

Does an electric railway and electric-lighting and power business in Dallas by virtue of the ownership of securities of certain local companies. *Franchises* of subsidiary companies expire in 1922. See V. 84 p. 157. For decision on occupation tax on Dallas St. rys. see V. 89, p. 41.

Also owns the entire capital stock of the Dallas Interurban Terminal Association, which has constructed a modern fireproof eight-story passenger terminal and office building in the business district of Dallas. The termi-

nal facilities have been leased for 20 years to the three interurban lines entering Dallas. The terminal was opened for service Sept. 1 1916.

For decision enjoining the enforcement of the ordinance passed at the special referendum election on April 2 1912, providing for the sale of 7 tickets for 25 cents and for only 3-cent fares where passengers have to stand, see V. 95, p. 113, 1472, 1541; V. 96, p. 1772; V. 98, p. 839.

Option.—The United Electric Securities Co. of Boston has secured an option on the Stone & Webster holdings in Dallas with a view to reorganizing the properties in accordance with the city's requirements and forming two new local companies to take over separately the traction and light and power properties. See V. 102, p. 1896. The plan is being held up, however, because of the failure of the city and the public utility companies to reach an agreement as to the physical valuation to be placed on the properties, the city's expert having fixed a valuation of $7,100,000 thereon, while the companies involved are holding out for a valuation of $8,500,000. According to latest advices, the city authorities have expressed a willingness to grant a valuation of $8,000,000.

DETROIT UNITED RAILWAY.—(*See Map page* 39.)—Trolley.

ORGANIZATION.—Incorporated in Michigan Dec. 31 1900 and took over franchises and properties of the Detroit Citizens' Street Ry., the Detroit Electric Ry., the Detroit Ft. Wayne & Belle Isle and the Detroit Suburban. V. 72, p. 44 ,183. Embraces all the street railway lines in Detroit.

Later absorbed by purchase the Detroit & Northwestern Ry., which is known as the Orchard Lake division, the Detroit & Pontiac Ry., known as the Pontiac division, the Wyandotte & Detroit River Ry., known as the Wyandotte division, and the Detroit & Flint, formerly the Detroit Rochester Romeo & Lake Orion Ry., and known as the Flint division.

Owns entire capital stock of the Detroit & Port Huron Shore Line (Rapid Railway System); Sandwich Windsor & Amherstburg Ry. (acquired in Aug. 1901); Detroit Monroe & Toledo Short Line Ry. (acquired in Feb. 1906) and the Detroit Jackson & Chicago Ry. The last-named is a re organization of the Detroit Ypsilanti Ann Arbor & Jackson Ry., the Jackson Ann Arbor & Detroit Ry. and the Detroit Plymouth & Northville Ry. which were acquired in Jan. 1907. Also owns the entire capital stock of the Detroit Almont & Northern RR., which it leases for 50 years from 1915, and guarantees and assumes its bonds as a direct obligation, by endorsem't.

In Aug. 1901 purchased 180 shares (all) of the stock of the City Electric Ry. and the People's Electric Light plant of Windsor, Ont

Franchises.—On May 22 1916, Pres. J. C. Hutchins wrote: "Certain of the franchises in Detroit have expired during the past several years. These franchises, which relate to about 15% of the total mileage, have not been renewed, but the Detroit United Ry. continues to operate these lines in question as heretofore, having made agreements with the city authorities for rates of fare and extensions of its lines. These conditions have created what may be called an indeterminate franchise which the management anticipates will continue in force as heretofore so long as the co. furnishes its present efficient service, at existing low average rates." For decisions relating to Fort St. franchise, see V. 95, p. 890; V. 96, p. 947, 1556.

Appraisal of Company's Property.—In Oct. 1915 Prof. Mortimer E. Cooley filed a report of his appraisal of the company's property, which fixes the value in the one-fare zone on Jan. 1 1915 at $29,714,079, or less depreciation, at $23,608,665; physical value of entire system $48,400,764, with deprec. considered, $43,051,662. The value of all franchises is placed at $7,783,481. Total value of D. U. Ry. system, $56,184,165, or less deprec., $50,815,063. V. 101, p. 1464. Compare V. 100, p. 139, 308.

City Purchase Plan Defeated.—At the election on Nov. 2 1915 the voters defeated the plan (V. 100, p. 811; V. 101, p. 614) for the acquisition by the city of the company's lines and property within the one-fare zone. V. 101, p. 1553.

Temporary Agreement with City.—On Aug. 8 1913 the Common Council rescinded the ordinance adopted Oct. 26 1909 fixing the rental on lines on which franchises had expired at $300 per day, and adopted the recommendation of Mayor Marx for a temporary agreement for the settlement of existing differences, i. e. (V. 97, p. 443):

1. A rate of fare (put into effect Aug. 15 1913) of 7 tickets for 25 cents on all city lines, 5 cents for single cash fares with right of transfer, workingmen's tickets (unchanged) at 8 tickets for 25 cents for two hours each morning and evening.

2. The proposed crosstown line on or near Junction Ave., to be constructed; also connect the Mack Ave. and Myrtle Ave. lines, as proposed, and other extensions (see V. 97, p. 443).

3. $75,000 to be paid to the city for Fort St. line privileges since July 24 1910; also to pay all back taxes. It is claimed by the City Treasurer that the back taxes aggregate $500,000.

4. The company to be relieved of the payment of $300 per day in consideration of the foregoing.

5. The existing rights of city or the railway shall not be impaired by this temporary agreement. V. 97, p. 443.

Back Taxes Paid.—On Oct. 14 1913 taxes aggregating $323,592 (incl. $64,814 int. at 6%) were paid to the City Treasurer in pursuance of the recent settlement with the city (see above and V. 97, p. 443). The $75,000 for back rental on Fort St. was also paid. V. 97, p. 1115.

New Notes.—In Dec. 1915 issued $3,500,000, 2-year coll. trust notes, a portion of proceeds being used to retire notes maturing Feb. 5 1916. V. 101, p. 1972; V 102, p. 65.

Int. and prin. of the $350,000 notes due Sept. 1 1915 was defaulted and a protective committee was formed with Douglas H. Gordon, Pres. of Baltimore Trust Co., as Chairman, and deposits called for. V. 101, p. 846. Int. and prin. of the $100,000 coupon notes due Nov. 1 1915 also in default. ORGANIZATION.—Incorp. Jan. 28 1913 in Indiana as a consolidation of the Gary & Interurban *Ry.*, Gary Connecting Rys., Valparaiso & Northern Ry. and the Goshen South Bend & Chicago RR. Merger Decision.—On Nov. 10 1914 Judge Tuthill in the Superior Court at Valparaiso, Ind., denied the application of minority stockholders to set aside the merger. V. 99, p. 1451. See also V. 102, p. 975.

V. 99, p. 674.

Fare Reduction.—On Aug. 18 1914 the City Council of Gary caused to be published a notice that the company must sell 8 tickets for 25 cents. Authority for this order is based on the franchise granted to President Gavit in 1907, who, it was claimed, offered a 3-cent fare for 5 years, after the line was placed in operation. V. 99, p. 608. No effort has been made to enforce the order.

Franchises of old Gary & Interurban *Ry.* expire as follows: In Gary, 1957. Tolleston, 1959; East Chicago & Indiana Harbor, 1949; Hammond, 1939.

MINNEAPOLIS, MINN.

TWIN CITY RAPID TRANSIT.—An electric road.

ORGANIZATION.—Organized under the laws of the State of New Jersey June 3 1891 and by virtue of its stock ownership of the underlying companies (to wit, The Minneapolis Street Railway Co., The St. Paul City Railway Co., the Minneapolis Lyndale & Minnetonka Railway Co. and the Minneapolis & St. Paul Suburban) controls the entire street railway system of Minneapolis, St. Paul, Stillwater, and lines to Excelsior, Tonka Bay and Deephaven at Lake Minnetonka. In 1906 absorbed the North Side Street Ry. (Robbinsdale line) and the St. Louis Park line; V. 83, p. 1472. In 1905 articles of incorporation were amended so as to make the charter perpetual. V. 80, p. 1914.

Franchise and Fares.—Mayor Haynes of Minneapolis on Feb. 18 1907 signed an ordinance requiring street railways to sell six fares for 25 cents. V. 84, p. 451, 509. On Aug. 24 1907, however, Judge Lochren of the U. S. Circuit Court granted a permanent injunction against enforcing the ordinance (see V. 85, p. 532). On Jan. 3 1910 U. S. Supreme Court affirmed the decision of Judge Lochren. This decision sustains the company's claim to a 50-year franchise from July 1 1873, with the right to charge 5-cent fares. V. 90, p. 111. The company is negotiating with the city for a renewal of the franchise. V. 101, p. 132.

Settlement with City of St. Paul.—For decision as to right to build new lines in St. Paul, see V. 79, p. 271, 2087, and for settlement with City of St. Paul by which the city relinquishes its right of appeal from this decision and the company agrees to pay into the city treasury real and personal property taxes, equal to at least 6% of gross earnings; see V. 80, p. 1175.

On Oct. 23 1914 the Minnesota Supreme Court sustained the validity of an ordinance passed by the City Council in May 1910 ordering the St. Paul City Ry. to construct a car line on St. Clair Ave., branching from West Seventh St. V. 99, p. 1301.

New Subsidiaries.—Because of a decision of the Supreme Court holding that suburban lines, as railways, are amenable to the Minnesota 4% gross earnings tax, it was decided in Mar. 1910 to incorporate the Minneapolis & St. Paul Suburban RR. ($1,000,000 stock, increased to $3,000,000 in Jan. 1911; debt limit was also increased to $10,000,000; V. 92, p. 187), the Minnetonka & White Bear Navigation Co. ($250,000 stock) and the Rapid Transit Real Estate Corp., $15,000 stock, and to re-arrange matters so that the suburban lines, the steamer lines and the hotels, parks, &c., of the company might be handled separately for taxation and accounting purposes. V. 90, p. 850.

Corp. assigned to Public Service Gas Co. the leases of Essex & Hudson Gas Co., Newark Consolidated Gas Co., The East Newark Gas Light Co. and Hudson County Gas Co., in so far as they relate to the manufacture and distribution of gas, the leases of South Jersey Gas, Elec. & Trac. (with a reduction of 10c. if bill is paid within a certain time) to $.90 per 1,000 cu. ft. flat, and in pursuance of the Board's recommendation set the same reduced rate throughout the State on May 1 1913. See under Pub. Serv. Corp. in V. 96, p. 136. Validity of order was upheld on July 7 1913 by the New Jersey Supreme Court (V. 97, p. 238), but on appeal to the Court of Errors and Appeals the decision of the former was reversed on Dec. 9 1914 by a vote of 6 to 4. V. 99, p. 1749. On June 14 1915, however, the Court of Errors reversed its decision of Dec. 9 1914 by the same vote, and sustained the finding of the lower Court upholding the order. V. 100, p. 2086. The case has been carried to the U. S. Supreme Court, where, it is thought, it will be reached for argument in the early part of 1917.

NEW YORK CITY, N. Y.

INTERBOROUGH RAPID TRANSIT CO.—MANHATTAN RAILWAY.—See "Railway and Industrial" Supplement.

NEW YORK RAILWAYS CO.—Underground, trolley and horse.

The Interborough-Metropolitan Co. (now the Interborough Consolidated Corporation) owns $15,276,500 of the stock.

ORGANIZATION.—Incorporated on Dec. 29 1911, and at midnight on Dec. 31 1911 took over the lines of the old Metropolitan Street Ry. sold at foreclosure (V. 93, p. 1787) on Dec. 29 1911, per plan in V. 93, p. 1533 (formally approved by Public Service Commission on Jan. 24 1912). See V. 94, p. 977. The sale did not include the leases of the Central Park North & East River RR., 28th & 29th Sts., the Second Ave. RR. and Fulton St. RR. The latter road was abandoned in 1908 (V. 90, p. 1675).

In 1913-14 acquired a half-interest in the Bridge Operating Co., which, under an agreement with the city dated May 21 1904, operates local cars over the Williamsburgh Bridge. With the Third Ave. Ry. and the Brooklyn Rapid Transit Co. controls the Brooklyn & North River RR., operating over Manhattan Bridge.

On Nov. 2 1914 the Public Service Comm. authorized the company to purchase the $600,000 capital stock of the 23d Street Ry. at $350 per share and to issue first real estate & ref. 4s to pay for same. $507,500 of the stock has been so purchased. The authority was given on condition that the company shall provide for an amortization of 20% of the face value of the bonds, representing the discount on the bonds. During 1914-15 purchased at auction the $2,473,400 4% first consol. bonds of the Central Crosstown RR. held as collateral to that company's 5% notes amounting to $1,882,987 owned by the N. Y. Railways Co. This leaves a personal claim in notes against the former of $637,409 due the N. Y. Railways Co.

Franchises.—Most of the franchises are perpetual.

Franchise Tax Decisions.—For decisions of Supreme Court Justices McCall and Davis, reducing the assessed valuation of the special franchises in 1910 and 1911, see V. 95, p. 1473.

Transfers.—In Oct. 1912 the P. S. Comm. issued an order (operative Dec. 1) providing for transfers on a single 5-cent fare between the East and West Side lines of the company and the Second and Third Ave. Ry. companies, by way of the 59th St. line of the Central Park N. & E. Riv. RR. (now the Belt Line Ry. Corp., and is a part of the Third Ave. system), where the passenger travels in the same general direction from which he started. Order was voluntarily put into effect Nov. 1. V. 95, p. 1207.

Staten Island Transfers.—The arrangement made between the company and the city for free transfers at the Battery to and from the ferryboats and the cars of the New York Railways running to the Battery (see V. 99, p. 49) was passed in July 1914 by the Board of Estimate. No re-transfers permitted and of each nickel the city will get 2 cents and the company 3 cents. The plan took effect Sept. 15 1914.

During 1913 storage battery cars were substituted for horse cars on the Chambers St., Duane St., Spring St., Delancy St. and Desbrosses St. lines. On May 15 1913 Gov. Sulzer vetoed a bill passed by the State Assembly on Apr. 24 1913 providing that after Jan. 1 1914 no railroad company in N. Y. City shall operate cars with horses. V. 96, p. 1424.

In Jan. 1914 the company agreed to abandon unused franchises formerly owned by the Metropolitan St. Ry., and to remove the tracks and re-pave the streets. V. 98, p. 237.

Brooklyn Bridge Connection.—Cars of the old Metropolitan lines began to run across the Williamsburgh Bridge in Jan. 1905.

On Jan. 17 1916 the P. S. Commission granted auth. to abandon the Roosevelt Ferry branch of the Chambers St. line.

Suit under Adjustment Mtge.—The suit brought by the N. Y. Life Ins. Co. to recover unpaid interest on the bonds since Jan. 1 1912 (approx. $50 for each $1,000 bond, incl. coupon due April 1 1915) was dismissed in 1915, but G. B. Leighton of Boston, representing the bondholders' committee, intervened (V. 100, p. 1349, 1918; V. 101, p. 1973). In Nov. 1915 the Appellate Div. of the Supreme Court, reversing a lower court, rendered a decision giving Mr. Leighton the full standing that the N. Y. Life Ins. Co. previously had in the case. The income bondholders now have five directors on the board.

At the annual meeting on Dec. 6 1915, Charles P. Howland, Geo. B. Leighton, Wm. H. Remick and Richard H. Swartwout, who, under the leadership of John C. Cobb of Boston (re-elected) have been demanding payment of full int. on adj. incomes, were elected to succeed Darwin P. Kingsley, H. Ollesheimer, Frank S. Witherbee and Francis L. Leland. V. 101, p. 1973.

Application to Issue Additional Bonds.—In June 1912 applied to the Public Serv. Comm. for permission to issue $754,000 1st real estate and ref. 4s to refund Metropolitan Crosstown 5s. V. 94, p. 1627. Still pending.

On Nov. 1 1912 the P. S. Comm. authorized the issuance of $640,800 real estate and ref. bonds (permission to issue $1,050,000 having been asked) to purchase new stepless cars. V. 95, p. 1207. None of these bonds is included in the amount in the table. Justice Greenbaum in the N. Y. Supreme Court in June 1914 granted a writ of certiorari to review the order of the P. S. Comm. authorizing only $640,800 bonds. V. 98, p. 1994. Matter is still pending.

Distribution of Metropolitan St. Ry. Assets.—V. 102, p. 713. See also V. 103, p. 1119.

Strike.—A strike was begun on the Yonkers Street RR. on July 22 1916 and was extended on July 30 to the Third Avenue Ry. and on Aug. 4 to the New York Railways and all other surface lines in Greater New York, except the Brooklyn lines. The strike was formally declared off on Aug. 7 1916 (for terms of settlement, see V. 103, p. 579), but on Sept. 7 the New York Rys. men again walked out following the calling of a strike on the subway and elevated lines of the Interborough Rapid Transit Co. and on Sept. 9 the men of the Second and Third Ave. lines followed suit. On Sept. 19 1916 the men of the N. Y. & Queens Co. Ry. also went on strike for the second time. Service on the surface lines of Manhattan, the Bronx and Westchester County was badly crippled at the outset, but has been steadily improving.

Lexington Ave. & Paconia Ferry 5s and Columbus & Ninth Ave. 5s were fully described in V. 60, p. 1146. Both were guar. and later assumed by the Metropolitan Street Ry. Co. (now New York Railways).

Amortization Fund.—On Dec. 10 1912 P. S. Commission modified its order of Feb. 27 1912 (see V. 94, p. 698) by striking out the provisions requiring the setting aside each year of a specified amount as an amortization fund, as it found it did not have power to make such requirement. It re-affirmed, however, its order requiring the setting aside each month, beginning Jan. 1 1912, for maintenance and depreciation of a sum at least equal to 20% of gross operating revenue for such month. V. 95, p. 1608; V. 94, p. 698. On April 17 1913 Supreme Court Justice Platzek granted a writ of certiorari to review the order. V. 96, p. 1157. An application for a modification of the order so that it should provide for the setting aside of 20% of the gross passenger revenue only instead of 20% of the gross operating revenue was denied by the P. S. Comm. on July 27 1915. V. 101, p. 370.

Adjustment Income Mortgages are redeemable on any Jan. 1 or July 1 in whole but not in part at par and int. During such periods, also, the holders of said bonds shall have full power in respect of all other questions, upon which stockholders may vote, to cast one vote for each $100 of the principal of the bonds held by them. See V. 94, p. 977. Bonds are listed on N. Y. Stock Exchange. V. 94, p. 827, 977.
